S6 Tutoring Academy is a leading tutoring company specialising in preparation for 11+ exams for state grammar schools, and private common entrance exams. The company has positioned itself at the forefront of revision with their new publication of S6 English and Maths guides. These test papers have been developed to improve preparation for students aged 9-11, to help them obtain the essential skills they need to succeed, particularly in light of the recent introduction of the new-style 11+ exams. The Maths guide, 11+ Style Test Papers: Maths, covers a range of topics to develop their methods and reasoning skills using mathematical language, diagrams and charts to build confidence and competence within the subject. In conjunction with these papers, S6 Tutoring Academy has also created an online hub that supports study and further practice so that children can be fully prepared with the knowledge, understanding and exam skills required to be successful in the 11+ tests and similar entrance exams. The use of mock exams lets children prepare in a manner that normal revision does not allow. Each book includes five exams that will provide children with much-needed confidence ahead of their real exams.

This book supports children preparing for the 11+ entrance exam. The practice papers in the book are carefully modelled after past papers to ensure that the papers as a whole provide a rich and varied practice to meet all requirements of 11+ maths with an appropriate difficulty. Papers are designed to teach students the most easily applicable, reusable and fastest solutions to typical problems, and utilise problems which target areas of maths that children typically forget under the pressure of an exam. Solutions provided have been reviewed by many children to ensure that they are easily understandable while being the fastest and most re-applicable.

Exam Board: ISEB Level: 11 Plus Subject: Maths First Teaching: September 2015 First Exam: Autumn 2016  
Brand new for 2016, these practice exam papers prepare children for the most challenging pre-tests and
