There is no available information at this time.

This current publication is an additional collection of humorous essays.

There is no available information at this time.

This is not a bushy tail, or a long tail or even a fuzzy tail, but it is my tale. So here it is my Long Ago. In my long ago there was no radio, TV, computers, iPads, air conditioning and many more nos. There was just after the first world war and what came next, which happens to coincide with my childhood memories. In this regard I will endeavor to recall as many incidents as I possibly can, and then perhaps my children, grandchildren and great grand kids will be able to envision me in a role other than Mom, gram, or big grandma. Where to begin? That is indeed a problem. I think starting with my maternal grandparents would be best so here goes.

PS: I get up early in the morning, so I'm always available.

This current volume will be the authors thirteenth publication, consisting (hopefully) of more humorous essays, plus some light verses as well. Bernice lives on Long Island, New York, as well as in Palm Beach, Florida, and can be reached via email at [BerniceZakin@aol.com](mailto:BerniceZakin@aol.com). PS: she gets up early in the morning, so shes always available.

The genesis of the alliterations in this book was an email exchange in 2001 with a colleague in Albany, New York. In the emails, we traded alliterations back and forth, variously signing our emails Phrantic in Philadelphia, Accommodating in Albany, Perplexed in Philadelphia and finally, Alliterative in Albany. This email exchange was ultimately the inspiration for my first alliteration about the city of Albany. I then set myself the challenge of exploring the alliterative possibilities of each letter of the alphabet and this slim volume of alliterative verse, *Alliteration, Again and Again*, is the culmination of that endeavor. My earnest hope is that this work will not be dismissed as: Alliteration, an author affliction and awful addiction, avoiding any actual artistic achievement.!

The text of the Torah includes not only its words, but also various atypical scribal features. Prime among these are the dots over certain letters, various letters written either large or small, and the exceedingly odd placement of two inverted Hebrew letters surrounding one passage. What are these features doing there? How old are they? Do they carry meaning? How have they been interpreted over the years? James Diamond brings the reader on the journey through the Torah text in search of a response to these questions.
