Antoine stated that in the Commonwealth Caribbean, the law and legal systems were born "out of colonial experience" (p. 10). For Antoine, the notion of a commonwealth betrays the historical fact of imperialism and gave the region certain identity, which still survives even today. The Commonwealth Caribbean according to Rose-Marie Belle Antoine is that part of the globe known as the West Indies (p. 10).

Commonwealth Caribbean Law And Legal Systems [EPUB]

Commonwealth Caribbean Law and Legal Systems. While it seemed clear that the doctrine of precedent does not reflect the social values and needs of the society based on the absence of the interpretation and the application of legal norms, Antoine pointed out that the doctrine of precedent has both the advantages and disadvantages in the Caribbean legal system.

Commonwealth Caribbean Law And Legal Systems PDF

THE HISTORICAL FUNCTION OF LAW IN THE COMMONWEALTH CARIBBEAN In the formation period of West Indian societies, the law played a unique role in instituting and maintaining the slave system. Historians, sociologists and legal scholars maintain that this historical foundation has left an indelible scar on West Indian society and the legal system.

Fully updated and revised to fit in with the new laws and structure in the Commonwealth Caribbean law and legal systems, this new edition examines the institutions, structures and processes of the law in the Commonwealth Caribbean. The author explores: - the court system and the new Caribbean Court of Justice which replaces appeals to the Privy Council - the offshore financial legal sector - Caribbean customary law and the rights of indigenous peoples - the Constitutions of Commonwealth Caribbean jurisdictions and Human Rights - the impact of the historical continuum to the region's jurisprudence including the question of reparations - the complexities of judicial precedent for Caribbean peoples - international law as a source of law - alternative dispute mechanisms and the Ombudsman Effortlessly combining discussions of traditional subjects with those on more innovative subject areas, this book is an exciting exposition of Caribbean law and legal systems for those studying comparative law.

This new edition to the series will provide an up-to-date textbook covering a wide-range of employment and labour law issues which affect the Commonwealth Caribbean. Initially the book will embark on a comparative analysis of employment and labour law in Jamaica, Trinidad and Barbados, as a reference point for distinguishing the laws of other Commonwealth Caribbean jurisdictions. The book will continue to examine how the law operates within the legal systems of the Caribbean, taking into account the umbilical link to British jurisprudence and the persuasive precedent of other Commonwealth jurisdictions, and the impact this has had on the growth and development of the area. Commonwealth Caribbean Employment and Labour Law will be essential reading for students enrolled on Employment Law, Discrimination and Dismissal Law courses in the Caribbean.

Commonwealth Caribbean Law and Procedure: The Referral Procedure under Article 214 RTC in the Light of EU and International Law is about the referral procedure set out in Article 214 of the Revised Treaty of Chaguaramas (RTC), which Treaty established the Caribbean Community Single Market and Economy (CSME). Article 214 RTC bears clear parallels to Article 267 of the Treaty on the Functioning of the European Union (TFEU), the most important being that both articles pursue the same objective, i.e. they seek to ensure that CSME law and EU law, respectively, are uniformly applied in all Member States. Although Article 214 RTC was inspired by, and modelled on, Article 267 TFEU, it is not its exact replica. The similarities and differences between Article 214 RTC and Article 267 TFEU are critically assessed in this book. Also, the book Examines how Article 214 RTC operates in the Caribbean context, how it interacts with other provisions of the RTC, and how it fits into the various national legal systems of the Member States of the CSME. Explores possible reasons why, so far, national courts of the Member States of the CSME have not made any referrals to the Caribbean Court of Justice (CCJ). Pans Article 214 RTC in a comparative perspective; in particular, the book compares and contrasts it with Article 267 TFEU. Examines some of the aspects of Article 214 RTC in the light of public international law, bearing in mind that under Article 217(1) RTC, the CCJ is required, when exercising its original jurisdiction under Article 211 RTC, to "apply such rules of international law as may be applicable." This is to ensure that the CCJ will not bring in a finding of non liquet on the ground of silence or obscurity of CSME law, which Article 217(2) RTC expressly prohibits. This book will be of interest to academics and students studying CSME law, EU law, and comparative law, as well as judges, lawyers, and governmental and non-governmental organizations from the Caribbean region.

The fifth edition of this best-selling book has been thoroughly revised to take into account recent developments in the law in criminal practice and procedure across the region. As the only textbook to explore criminal practice and procedure as it relates to the Commonwealth Caribbean, the book clarifies the state law in each of 11 jurisdictions, while at the same time making it clear when laws are the same or similar and highlighting where differences among jurisdictions occur. Both statute law and common law are examined in the relevant jurisdictions, which include Trinidad and Tobago, Guyana, Barbados, Jamaica and Grenada amongst others. The impact of statutory changes in the laws are analysed, as well as recent developments in the common law. Throughout the text the statutory law in the Commonwealth Caribbean is compared with similar English legislation, in light of the analysis of such legislation in English case law. This book is the recommended textbook for all professional law schools in the Commonwealth Caribbean and is used at regional universities as a reference book for criminal justice students. In addition, as the only book that deals specifically with criminal practice and procedure in the regions, it has proved a valuable reference tool for legal practitioners, judicial officers and police officers.

Corporate governance initiatives have been developing at a rapid pace in the Commonwealth Caribbean through legislation, case law and codes. Commonwealth Caribbean Corporate Governance offers an overview of current practice and legal developments in corporate governance, highlighting the interpretation of the legislation through case law and the codes of corporate governance which have now been implemented. It also considers the challenges which emerging markets face in an attempt to adopt the corporate governance initiatives of developed markets. This text explores the emergence and development of corporate governance in the region from a range of angles, including the protection and empowerment of shareholders, the impact on government agencies, and the role and responsibilities of directors and officers in companies and in government agencies. Written by a panel of academics, legal practitioners and experts working in business, this book will be an invaluable resource for judges, lawyers, corporate executives and students of business, corporate law and corporate management.

The fourth edition of this best-selling book has been thoroughly revised to take into account recent developments in the law in criminal practice and procedure across the region. The only textbook that explores criminal practice and procedure as it relates to the Commonwealth Caribbean, the book clarifies the state law in each of 11 jurisdictions, at the same time making it clear when laws are the same or similar and highlighting where differences among jurisdictions occur. Both statute law and common law are examined in the relevant jurisdictions, which include Trinidad and Tobago, Guyana, Barbados, Jamaica and Grenada amongst others. The impact of statutory changes in the laws are analysed, as well as recent developments in the common law. Throughout the text the statutory law in the Commonwealth Caribbean is compared to similar English legislation, in the light of the analysis of such legislation in English case law. Commonwealth Caribbean Criminal Practice and Procedure is the recommended textbook for all profes- sional law schools in the Commonwealth Caribbean and is used at regional universities as a reference book for criminal justice students. In addition, as the only book that deals specifically with criminal practice and procedure in the regions, it has proved a valuable reference tool for legal practitioners, judicial officers and police officers.

The establishment of the Caribbean Court of Justice sees the countries of the Commonwealth Caribbean at an important and exciting judicial crossroads. Debate, often acrimonious, continues over the abolishment of ties to the Judicial Committee of the Privy Council and, increasingly those influencing the debate are a more educated and articulate Caribbean people, insisting on proper governance of the area's public bodies. This new book analyzes judicial review, a mechanism for achieving public justice, through emerging case law in the hope that it will cast light on the jurisprudential evolution of Caribbean society in the twenty-first century. Bringing together cases and materials on judicial review in the Caribbean for the first time, this book examines what judicial review is, before going on to discuss the grounds, obstacles and conduct within the judicial review process. It concludes by examining the future of judicial review and justice more generally in the Caribbean. Legal professionals in the Caribbean will find it a useful and comprehensive reference tool.

This new edition to the series will provide an up-to-date textbook covering a wide-range of employment and labour law issues which affect the Commonwealth Caribbean. Initially the book will embark on a comparative analysis of employment and labour law in Jamaica, Trinidad and Barbados, as a reference point for distinguishing the laws of other Commonwealth Caribbean jurisdictions. The book will continue to examine how the law operates within the legal systems of the Caribbean, taking into account the umbilical link to British jurisprudence and the persuasive precedent of other Commonwealth jurisdictions, and the impact this has had on the growth and development of the area. Commonwealth Caribbean Employment and Labour Law will be essential reading for students enrolled on Employment Law, Discrimination and Dismissal Law courses in the Caribbean.

This is the first book of its kind in the Commonwealth Caribbean on Criminal Procedure. Furthermore it is written by someone who has over twenty years experience in the field: as a prosecutor for over a dozen years, as a magistrate, as a criminologist, a criminal justice consultant and finally as a law school lecturer. This book fills a lacuna in Commonwealth Caribbean jurisprudence in that there is currently no local or regional text on criminal practice and procedure. For too long students and practitioners have had to waste time to wade through English and other text in areas that are not even relevant in order to determine their application to these jurisdictions. The book provides a useful reference to clarify what the state of the statutory law is in the Caribbean when compared to similar areas in English law and to discuss the relevant statute and common law in specific areas. It is a text useful not only for law school students but criminal justice professionals such as lawyers and police officers as well.; The content of the book includes both the statute law and common law on criminal practice and procedure in most of the relevant jurisdictions, which include Trinidad Tobago, Guyana, Barbados, Jamaica and Grenada among others. Where the law is the same or similar in some jurisdictions this is emphasised in the text so as to avoid unnecessary repetition in discussion. Attempts will be made to identify specific differences in the laws of different jurisdictions despite their being many commonalities. Recent developments in these areas are also discussed and the impact of the statutory changes in some countries is assessed

Advancing legal scholarship in the area of mixed legal systems, as well as comparative law more generally, this book expands the comparative study of the world's legal families to those of jurisdictions containing not only mixtures of common and civil law, but also to those mixing Islamic and/or traditional legal systems with those derived from common and/or civil law traditions. With contributions from leading experts in their fields, the book takes us far beyond the usual focus of comparative law with analysis of a broad range of countries, including relatively neglected and under-researched areas. The discussion is situated within the broader context of the ongoing development and evolution of mixed legal systems against the continuing tides of globalization on the one hand, and on the other hand the emergence of Islamic governments in some parts of the Middle East, the calls for a legal status for Islamic law in some European countries, and the increasing focus on traditional and customary norms of governance in post-colonial contexts. This book will be an invaluable source for students and researchers working in the areas of comparative law, legal pluralism, the evolution of mixed legal systems, and the impact of colonialism on contemporary legal systems. It will also be an important resource for policy-makers and analysts.
