Didn't see the eBay listing until after ordering from the
Hayne's link..... Funny thing, I had to get it sent to my
Father-in-Law's house in UK via Haynes UK site; they
didn't have this manual listed on Haynes Australia?!
The eBay listing would've saved some time..... but I'm
just glad to get a proper hard copy manual for a
reasonable price!

This is the story of the Audi TT- one of the biggest motoring sensations of the 1990s. Audi's most exciting car since the original Quattro has won plaudits from the moment of its launch, and has remained hugely popular in spite of question marks over the safety of early versions. James Ruppert tells the complete story of the TT roadster and coupe, in all their versions, finding where the design came from, where it is going to and the impact this little big car has had on the motoring world.
