About the Book: This book Engineering Mathematics-II is designed as a self-contained, comprehensive classroom text for the second semester B.E. Classes of Visveswaraiah Technological University as per the Revised new Syllabus. The topics included are Differential Calculus, Integral Calculus and Vector Integration, Differential Equations and Laplace Transforms. The book is written in a simple way and is accompanied with explanatory figures. All this make the students enjoy the subject while they learn. Inclusion of selected exercises and problems make the book educational in nature. It shou.

A masterpiece of British Indian literature in a vibrant modern English translation

What Is Political Theory? provides students with a comprehensive overview of the current state of the discipline. Eleven substantive chapters address the most pressing topics in political theory today, including: - what resources do the classic texts still provide for political theorists? - what areas will political theorists focus on in the future? - can western political theory alone continue to provide a framework for responding to the challenges of modern political life? The authors assess the intellectual challenges to conventional political theory, such as post-structuralism and the scientific study of politics, that have revitalized the field in the last 30 years. They also broaden the perspective to take in non-western ideas and to reconceptualize political theory in the light of specifically global challenges. Students and teachers of political theory and political philosophy will find this book invaluable in understanding the factors that have shaped current political theory and which will guide its future development.

This edited book introduces students and scholars to Comparative Political Thought. Featuring contributions from an excellent international line-up of esteemed scholars it examines some of the following issues: Is political theory 'Western-centric'? What can we learn from non-Western traditions of political thought? How do we compare different strands of national and regional political thought? Political thought in China, India, the Middle East and Latin America Islamic political thought Political thought in the wake of post-colonialism This is a much-needed overview of this key emerging area and will be of interest to all tsudents of political theory, thought and philosophy.

"The Pleasures of Ignorance" by Robert Lynd. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten – or yet undiscovered gems – of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.
