Biology

A biological research paper is a form of

communication in which the investigator succinctly presents and interprets data collected in an investigation.

Writing such papers is similar to the writing in other scientific

Online Library

Biology

disciplines except that the format will differ as will the criteria for grading.

Biology Research Paper Format Structure of a biology research paper. All good research papers contain the following structures as they keep the

Online Library

Biology

Research Paper
Format Samples

thought process in line with what the paper aims to

achieve. Keep this in mind when

drafting your

outline: 1. Title.

The title of your paper should be an opening statement or question based

on the topic of the paper.

2. Abstract
