numeracy standards, and again in 2017 when global literacy and numeracy tests saw Australian education ranked 39 out of 41 of our peers overseas.

~~Can you pass this literacy and numeracy test? | this.~~

Method 1: To begin with we need to work out the numbers of days of the course. So 10 weeks with 7 days per week gives us 70 days. The proportion used was over an 8.5 week period. Knowing that there are 7 days in a week, we multiply the number of days per week by the number of weeks, meaning $8.5 \times 7 = 59.5$ days.

As part of the pre-training review process, all VE students need to complete an language, literacy and numeracy evaluation. RMIT has implemented an approved test - this is referred to as BKSB. There are two tests that students need to complete ? one for English and one for Maths. As part of the pre-training review process, the results of these tests are reviewed for each student in order to ensure the program into which they want to enrol is suitable and appropriate.
