**Edition** provide students and professionals easy access to the proper use of all the commands that are presented to them within the CCNA curriculum and exam. The book will cover CCNA semesters 2-4 (as the first semester does not introduce any commands.) This edition is based on the current version 3.1 of the curriculum. The book will parallel the flow of topics and structure of the online curriculum; as commands are taught in the curriculum, they will be presented in the Quick Reference, showing the following: A.) The command itself, along with keywords and optional sub-
