City of Shadows: *Amazon.co.uk: Franklin, Ariana ...*
Ariana Franklin has once again developed a strong female character, Esther, and placed her in a backdrop of a deteriorating Germany during the early part of the 20th Century. Incorporating German history, the bustle of the city of Berlin, the Anatasia mystery, and a Nazi serial killer into one concise story, Franklin pulls off creating a story that keeps the reader involved from the first page to the last.

Ariana Franklin's City of Shadows is a gripping story, based on fact. The writing is taut, the storyline is fascinating and the tension is perfect (building slowing but surely to a surprising end). I felt as if I had been transported to the Berlin of the 1920s and 1930s. City of Shadows is a magnificent novel.
