The annual CPT "TM" Professional Edition provides the most comprehensive and convenient access to a complete listing of descriptive terms, identifying codes, and anatomical and procedural illustrations for reporting medical services and procedures. The 1999 edition includes more than 500 code changes. To make coding easy, color-coded keys are used for identifying section and sub-headings, and pre-installed thumb-notch tabs speed searching through codes. Also includes 125 procedural and anatomical illustrations and an at-a-glance list of medical vocabulary.

This is the most comprehensive CPT coding resource published by the American Medical Association. This new Professional Edition provides all the features of the Standard Edition plus many extras. it contains: 100 anatomical and procedural illustrations; an overview of modifiers and abbreviations; Color-coded keys for easy identification of section headings; New procedural drawings for visual confirmation of procedures being coded.

Hospital billing departments are known by various names, but their staff all experience the same problems understanding and complying with Medicare's many billing requirements. Hospital Billing
