~~COBUILD English Usage | Collins ELT~~

Looking back at the brief for the last edition in 2011, I see that we were worried about authentic examples being too complex – a common criticism levelled at the COBUILD range in its earlier years, and which we were still ironing out. As I was going through the examples, I took notes and categorised the outdated material.

Collins and the University of Birmingham, led by Professor John Sinclair, developed an electronic corpus in the 1980s, which is where these examples of English were taken from. This corpus became the largest collection of English language data in the world and COBUILD uses the Collins Corpus to analyze the way that people really use the language.
