Description. The second edition of Contemporary Archaeology in Theory: The New Pragmatism, has been thoroughly updated and revised, and features top scholars who redefine the theoretical and political agendas of the field, and challenge the usual distinctions between time, space, processes, and people. Defines the relevance of archaeology and the social sciences more generally to the modern world.

Archaeological theory refers to the various intellectual frameworks through which archaeologists interpret archaeological data.

File Type PDF

Contemporary Archaeology

Archaeological theory functions as the application of philosophy of science to archaeology, and is occasionally referred to as philosophy of archaeology. There is no one singular theory of archaeology, but many, with different archaeologists believing that information should be interpreted in different ways. Throughout the history of the discipline, various trends of su
