Contemporary Labor Economics, 8e

presents the new labor economics. In

the past, study of labor was highly

descriptive, emphasizing historical

developments, facts, institutions, and

legal considerations. Labor markets

and unemployment was given some

attention, but the analysis was

~~Contemporary Labor Economics 11th
edition (9781259290602 ...~~

Labor economics is an applied field of micro and macro theory and has become a critical part of the core of analytical economics. This text focuses on the labor economics. It also presents traditional topics such as labor law, structure of unions, and collective bargaining since these issues also play an important role in labor markets.
