Food is meant to be enjoyed, and Sophie Dahl would have it no other way. Growing up in a family of true food lovers, she began cooking at a young age and never looked back. Miss Dahl's Voluptuous Delights presents nearly one hundred of her tried-and-true recipes, organized around the four seasons and using the freshest ingredients available. Accented with her stories about how she came to know these foods and why she loves them, Miss Dahl's Voluptuous Delights provides a complete picture of what a meal should provide. From lemon-scented summer stews, to crisply burnished pies, to decadent desserts, Sophie Dahl cooks food that is indulgent, delicious, and wholesome.

Introducing three- to seven-year-olds to the "ABCs" of a compassionate lifestyle. V Is for Vegan is a must-have for vegan and vegetarian parents, teachers, and activists! Acclaimed author and artist Ruby Roth brings her characteristic insight and good humor to a controversial and challenging subject, presenting the basics of animal rights and the vegan diet in an easy-to-understand, teachable format. Through memorable rhymes and charming illustrations, Roth introduces readers to the major vegan food groups (grains, beans, seeds, nuts, vegetables, and fruits) as well as broader concepts such as animal protection and the environment. Sure to bring about laughter and learning, V Is for Vegan will boost the confidence of vegan kids about to enter school and help adults explain their ethical worldview in a way that young children will understand. From the Hardcover edition.

A little girl hears the sounds of nature all around her when she follows a butterfly into a meadow.

Hold this book gently because it's very sleepy! A mouse inside the pages invites you to read the book a bedtime story, tuck it in with a cozy blanket, and give it a hug and a kiss. Oh, and don't forget to ask whether it brushed its teeth and went pee-pee! Then turn off the light. There. Shhh! This book is sleeping! Fans of Press Here and The Monster at the End of This Book will enjoy coaxing the very book they're holding to go to sleep.

"Tell me what you eat and I will tell you what you are," declares French author Jean Anthelme Brillat-Savarin in one of the aphorisms that introduces this 1825 masterpiece on the subject of cooking as an art and eating as a pleasure. Humorous, satirical, and convivial, this extended paean to the joys of food and drink has earned an enduring place in the world's literature. Brillat-Savarin found his true passion in gastronomy, asserting that "the discovery of a new dish does more for the happiness of mankind than the discovery of a new star." In his sparkling anecdotal style, he offers witty meditations on the senses, the science of gastronomy, the erotic virtue of truffles, hunting wild turkeys in America, Parisian restaurants, the history of cooking, corpulence, diets, the best ways of making coffee and chocolate, and a hundred other engaging topics. He also shares some of his best recipes, including tunny omelette, pheasant, and Swiss fondue. No cook, chef, gourmet, or lover of fine food should miss this landmark in the gastronomic literature, a timeless work that has charmed and informed two centuries of epicures.

Now available as a paperback, Water Light Timesurveys over 25 years of the work of the world's leading underwater photographer, David Doubilet. This is the photographer's only book to include pictures of underwater territories from all around the world. This new paperback edition will make one of Phaidon's most popular titles accessible to an even wider audience.

Revised edition of: Introduction to molecular ecology / Trevor J. C. Beebee, Graham Rowe. 2008. 2nd ed.
