If you would like to purchase both the physical text and MasteringMeteorology search for ISBN-10: 0321984420 / ISBN-13: 9780321984425. That package includes ISBN-10: 0321984625 / ISBN-13: 9780321984623 and ISBN-10: 0321984862 / ISBN-13: 9780321984869. For introductory meteorology courses. Providing the perfect storm of rich media and active learning tools. The Atmosphere: An Introduction to Meteorology remains the definitive introductory meteorology text, reinforcing basic concepts with everyday, easy-to-grasp examples. This revision retains the hallmark features professors have come to expect from Tarbuck and Lutgens: a friendly, largely non-technical narrative, timely coverage of recent atmospheric events, and carefully crafted artwork by leading science illustrator Dennis Tasa. The Thirteenth Edition now incorporates a new active-learning approach, integrated mobile media, and MasteringMeteorology, the most complete, easy-to-use, engaging tutorial and assessment tool available. This edition also extends its coverage of global climate change with dedicated climate change features in each chapter, coverage of the IPCC 5th Assessment report, and an inquiry-based approach in updated Student Sometimes Ask features with interesting facts that strengthen the connection between students and the content. Also available with MasteringMeteorology. MasteringMeteorology is an online homework, tutorial, and assessment product designed to improve results by helping students quickly master concepts. Students benefit from self-paced activities that feature immediate wrong-answer feedback and hints that emulate the office-hour experience to help keep students on track. With a wide range of interactive, engaging, and assignable activities, students are encouraged to actively learn and retain tough course concepts.

NOTE: This edition features the exact same content as the traditional text in a convenient, three-hole-punched, loose-leaf version. Books a la Carte also offer a great value for your students—this format costs 35% less than a new textbook. Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products.

xxxxxxxxxxxxxxxxxxxx Ideal for undergraduates with little or no science background, Earth Science provides a student-friendly overview of our physical environment that offers balanced, up-to-date coverage of geology, oceanography, astronomy, and meteorology. The authors' texts have always been recognized for their readability, currency, dynamic art program, delivery of basic principles and instructor flexibility. The Fourteenth Edition incorporates a new active learning approach, a fully updated and mobile visual program, and MasteringGeology(tm)—the most complete, easy-to-use, engaging tutorial and assessment tool available.

This product features all of the resources of Modified Mastering Geology in addition to the Pearson eText. Mastering(TM) is the teaching and learning platform that empowers you to reach every student. By combining trusted author content with digital tools developed to engage students and emulate the office-hour experience, Mastering personalizes learning and improves results for each student. The fully integrated and complete media package allows instructors to engage students before they come to class, hold them accountable for learning during class, and then confirm that learning after class.

NOTE: This loose-leaf, three-hole punched version of the textbook gives you the flexibility to take only what you need to class and add your own notes - all at an affordable price. For loose-leaf editions that include MyLab(tm) or Mastering(tm), several versions may exist for each title and registrations are not transferable. You may need a Course ID, provided by your instructor, to register for and use MyLab or Mastering products. For all introductory physical geology courses.
