to his amazingly effective regimen—simple exercises that require nothing more than the resistance of your own bodyweight to help you reach the pinnacle of fitness and look better than ever before. Armed with Mark Lauren’s motivation techniques, expert training, and nutrition advice, you’ll see rapid results by working out just thirty minutes a day, four times a week—whether in your living room, yard, garage, hotel room, or office. Lauren’s exercises build more metabolism-enhancing muscle than weightlifting, burn more fat than aerobics, and are safer than both, since bodyweight exercises develop balance and stability and therefore help prevent injuries. Choose your workout level—Basic, 1st Class, Master Class, and Chief Class—and get started, following the clear instructions for 125 exercises that work every muscle from your neck to your ankles. Forget about gym memberships, free weights,

In *The 2 Meal Day*, Max Lowery introduces intermittent fasting - eat just two meals a day, either breakfast and lunch or lunch and dinner - to burn fat and get fit fast. Rather than grazing on food all day or having to do complicated calorie calculations for two days of the 5:2 diet, simply eat two meals to lose weight, reduce hunger and feel more energised. Choose your two meals from Max's delicious, nutritious and easy-to-prepare recipes; start the day with Salmon Mini Frittatas or a Breakfast Burrito; Lunch on Thai Green Chicken Curry or Tuna Casserole or enjoy Creamy Mushroom and Parmesan Risotto or Sea Bass Sauce Vierge for Dinner. There are even

healthier desserts to satisfy your sweet tooth without over-indulging - choose from Two-Ingredient Chocolate Mousse or Banana Pancakes. Max shows how to combine your 2-meal day with High-Intensity Interval Training (HIIT) - short duration and maximum effort exercises - and resistance workouts to help you drop fat and get fit quickly. So ditch the calorie-counting and the sugar highs and lows and enjoy two meals a day alongside Max's workouts for a leaner, fitter, healthier body.

Individuals, organizations, and investors are doing immense good, but extraordinary challenges are enveloping the planet, threatening life and humanity itself: escalating extreme weather events, shifting global population and power balances, widening socioeconomic disparities, and rising tensions among extremists and mainstream populations. Impact Imperative stems from consultations with over 130 professionals in the burgeoning impact innovation, entrepreneurship, and investment space. As Dr. Ryan shares insights from these impact innovators about how we can meet these challenges in the next few decades and beyond, she encourages readers to think about how our own consequential actions in the present can propel us--individually and
