V. Quine is best known for striking a (nearly) deadly blow to the analytic philosophy school of logical positivism, and the essays collected in this volume From a Logical Point of View: Nine Logico-Philosophical Essays chronicle this attack. Although his approach is very different from his contemporaries, Quine follows Ludwig Wittgenstein ' s ...

Logical Point - Home

From a logical point of view Always marry a woman uglier than you A pretty woman make a husband look small And very often causes dawn fall Soon as she marries then and there she starts To do the things that will break your heart And when you think that she is belonging to you She is calling somebody else to do Man, from a logical point of view

ROBERT MITCHUM - FROM A LOGICAL POINT OF VIEW LYRICS

What is a logical fallacy? A "fallacy" is a mistake, and a "logical" fallacy is a mistake in reasoning. There are, of course, other types of mistake than mistakes in reasoning. For instance, factual mistakes are sometimes referred to as "fallacies". However, The Fallacy Files is specifically concerned with logical errors, not factual ones.

The Fallacy Files: What is a logical fallacy?

Another key point is that those who believe in the laws of logic are confident in something objective, eternal, and non-material. Any objection that God is immaterial, eternal, or objective would be hypocritical coming from someone who puts stock in the laws of logic. We also know that God Himself is logical, based on His words and His actions.

Logical positivism, also called logical empiricism, a philosophical movement that arose in Vienna in the 1920s and was characterized by the view that scientific knowledge is the only kind of factual knowledge and that all traditional metaphysical doctrines are to be rejected as meaningless. A brief treatment of logical positivism follows.
