Fundamentals of Investing helps students make informed investment decisions in their personal and professional lives by providing a solid foundation of core concepts and tools. Gitman/Joehnk/Smart use practical, hands-on applications to introduce the topics and techniques used by both personal investors and money managers. The authors integrate a consistent framework based on learning goals to keep students focused on what is most important in each chapter. Students leave the course with the necessary information for developing, implementing, and monitoring a successful investment program. The eleventh edition addresses the current financial crisis and the impact it has made on the markets.

The core concepts and tools students need to make informed investment decisions. Fundamentals of Investing helps students make informed investment decisions in their personal and professional lives by providing a solid foundation of core concepts and tools. Gitman/Joehnk/Smart use practical, hands-on applications to introduce the topics and techniques used by both personal investors and money managers. The authors integrate a consistent framework based on learning goals to keep students focused on what is most important in each chapter. Students leave the course with the necessary information for developing, implementing, and monitoring a successful investment program. Th eleventh edition addresses the current financial crisis and the impact it has made on the markets.

'Fundamentals of Investing' provides students with a solid foundation in core concepts, tools, and technologies they need to make informed investment decisions throughout their personal and professional lives. The authors present the core concepts in an accessible learning goal framework, using many practical applications and contemporary examples.

Combining current coverage with a student-friendly modular format, BASIC FINANCE: AN INTRODUCTION TO FINANCIAL INSTITUTIONS, INVESTMENTS & MANAGEMENT, 11E introduces the three primary aspects of finance and examines how they are interrelated to give students a firm foundation in all of finance--not just corporate finance. Each chapter offers a concise, self-contained treatment of one or two finance concepts, or institutions easily covered in a single class period. Students can build on what they learn through the text's Internet resources, number problems, illustrations using financial calculators, and a Microsoft Excel appendix. The time value of money is emphasized throughout. The 11th Edition includes numerous self-help problems with answers and relationships with answers, new coverage of classes of stock/preferred stock, new sections on Internet sources of information, and updated tax laws. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

“ What are the best investments for me? ” ... “ What about risk? ” ... “ Do I need professional help with my investments and can I afford it? ” Mastering the language, concepts, vehicles and strategies of investing can be challenging. Fundamentals of Investing shows how to make informed investment decisions, understand the risks inherent in investing and how to confidently shape a sound investment strategy. Fundamentals of Investing 3rd edition is completely updated and introduces core concepts and tools used by Australian investors, providing a firm understanding of the fundamental principles of investments. Focusing on both individual securities and portfolios, students learn how to develop, implement and monitor investment goals after considering the risk and return of both markets and investment vehicles. Fundamentals of Investing is suitable for introductory investments courses offered at university undergraduate or post-graduate level, as well as colleges, professional certification programs and continuing education courses.

Offers a practical and theoretical coverage of investments market. This book places emphasis on asset allocation, and offers a treatment of futures, options, and other derivative security markets.

Revised edition of Fundamentals of investing, [2017]

An informative, timely, and irreverent guide to financial investment offers a close-up look at the current high-tech boom, explains how to maximize gains and minimize losses, and examines a broad spectrum of financial opportunities, from mutual funds to real estate to gold, especially in light of the dot-com crash.
