When self-proclaimed geek girl Bethany becomes the newest member of the varsity cheerleading squad, she realizes that there's one thing worse than blending in to the lockers: getting noticed. Who knew cheerleading was so hard? Well, at least there's a manual. Too bad it doesn't cover any of the tough questions like: What do you do when the head cheerleader spills her beer on you at your first in-crowd party? And how do you protect your best friend from the biggest player in the senior class? Bethany is going to need all her geek brainpower just to survive the season!

It's time to win the race against the clock. From finding a parking spot to getting in a good mood, to falling asleep or thinking on your feet, speed is often at the heart of a better life. The Experts' Guide to Doing Things Faster provides you with straightforward and creative strategies for being more efficient in every aspect of every day--in 100 compact chapters written by 100 of the world's leading experts, including: • Daily essentials, such as getting ready in the morning by Hannah Storm • Lifestyle lessons, such as throwing a dinner party by Colin Cowie and writing thank-you notes by Carolyn Roehm • Beauty basics that include styling your hair by Sally Hershberger and losing weight by Harley Pasternak • Romance road maps, such as making a winning first impression by Neil Strauss • Physical feats that include running faster by Justin Gatlin and relaxing by Rodney Yee • Money matters, such as selling a home by Barbara Corcoran and getting a loan by Sir Richard Branson • Healthy hints, such as speeding up your metabolism by Mark Hyman and overcoming guilt by Keith Ablow Some of these experts are household names, others are industry leaders--all are at the top of their profession. From a two-time Super Bowl winner and survivor of twenty-nine operations ("How to Recover from Surgery") to New York's most famous doorman ("Make Someone Feel Good"), from the founder of the Geek Squad ("Make Your Computer Run Faster") to Las Vegas's premier wedding planner ("Plan a Wedding") and an Olympic eater ("Cure a Stomachache"), they are the authorities on their subjects. Packed with funny, surprising, and incredibly clever advice, The Experts' Guide to Doing Things Faster teaches you how to lead your life more efficiently, leaving you with more time to enjoy its pleasures.

More than a decade ago, Clayton Christensen's breakthrough book The Innovator's Dilemma illustrated how disruptive innovations drive industry transformation and market creation. Christensen's research demonstrated how growth-seeking incumbents must develop the capability to deflect disruptive attacks and seize disruptive opportunities. In The Innovator's Guide to Growth, Scott Anthony, Mark Johnson, Joseph Sinfield, and Elizabeth Altman take the subject to the next level: implementation. The authors explain how to create this crucial capability for unlocking disruption's transformational power. With a foreword by Christensen, this book provides a set of market-proven tools and approaches to innovation that have been honed through fieldwork with innovative companies like Procter & Gamble, Johnson & Johnson, Pepsi, Intel, Motorola, SAP, and Cisco Systems. The book shows you how to: Follow a market-proven process -- so your company can reliably create blockbuster businesses Create structures, systems, and metrics -- so the disruptive innovations that will power your firm's future growth receive the funding and personnel needed to succeed Create a common language of disruptive innovation -- so managers can reach consensus around counterintuitive courses of action Incisive and practical, this book helps your company take the steps necessary to benefit from disruption -- instead of being eclipsed by it.

The electronic age is bringing sweeping changes to entertainment and media of all kinds, including publishing, broadcasting and film. Multimedia, the Internet and other digital media outlets for entertainment and information are being refined at a rapid rate. Media giants are merging and making big acquisitions. This book covers these exciting developments and provides profiles on hundreds of leading firms in film, radio, television, cable, new media, and publishing of all types including books, magazines and newspapers. It contains thousands of contacts for business and industry leaders, industry associations, Internet sites and other resources. You'll get in-depth profiles of nearly 400 of the world's top Entertainment & Media firms: our own unique list of companies that are the leaders in this field. Here you'll find complete profiles of the hot companies that are making news today, the largest, most successful corporations in all facets of the Entertainment and Media Business, from broadcasters to film production companies, casino operators to theme park companies, publishers of books and magazines to video game designers, and much more. Our corporate profiles include executive contacts, growth plans, financial records, address, phone, fax and much more. This innovative book offers unique information, all indexed and cross-indexed more for each firm! Our industry analysis section provides an exceptional discussion of business and market trends. The book includes statistical tables covering revenues for several industry sectors. Purchasers of either the book or PDF version can receive a free copy of the company profiles database on CD-ROM, enabling key word search and export of key data.

If there's a software startup company in your developer heart, this is the book that will make it happen. The Web Startup Success Guide is your one-stop shop for all of the answers you need today to build a successful web startup in these challenging economic times. It covers everything from making the strategic platform decisions as to what kind of software to build, to understanding and winning the Angel and venture capital funding game, to the modern tools, apps and services that can cut months off development and marketing cycles, to how startups today are using social networks like Twitter and Facebook to create real excitement and connect to real customers. Bob Walsh, author of the landmark Micro-ISV: From Vision to Reality, digs deep into the definition, financing, community-building, platform options, and productivity challenges of building a successful and profitable web application today.

Mom Minus Dad is the only resource guide available with more than 500 resources for adults who lose a parent and need to assist a newly widowed parent. The book provides readers with practical advice on ten major parent loss topics along with more than 500 valuable and time-saving resources including Web sites, companies, government resources, U.S. laws, books, and nonprofit organizations to assist the approximately twelve million sons and daughters who lose a parent every year. Each section provides online and book resources and simple practical solutions to common problems - from finding affordable counseling to building new budgets for the widowed parent to managing changing family dynamics. Each chapter reveals ideas, relevant insights from the author's personal experience, questions to consider, and additional resources to find specific assistance. The author of Mom Minus Dad gleaned intimate knowledge of balancing her own life with a newly widowed parent. Ms. Haverkamp assisted her fifty-six-year-old widowed mother in Virginia, while still running her real estate business in California, after the early unpredicted loss of her father to cancer. In her groundbreaking book, Haverkamp shares how she and her sister-both in their early thirties-found success and managed struggles during their journey after their father's death. This is a reference guide griever's will refer to during the year after loss and years beyond.

Every dream has to start somewhere! With the shaky economy and unemployment rising, more and more people are trying to find alternative ways to start businesses out of their homes. But what is the right home grown business? What skills are necessary? What will it really cost and how much money will it generate? All these questions and more are answered in 'The Complete Idiot's Guide® to Low-Cost Startups'. - Expert author with over 30 years experience in the area - Ways to determine which business is right for you - and the most effective to start - Great, innovative ideas from hi-tech service to low-tech selling - Practical nuts and bolts advice on starting and running the business - Solid information about costs, financing, taxes and organization
