To many in the United Kingdom, the British public school remains the disliked and mistrusted embodiment of privilege and elitiam. They have educated many of the country's top bankers and politicians over the centuries right up to the present, including the present Prime Minister. David Turner's vibrant history of Great Britain's public schools, from the foundation of Winchester College in 1382 to the modern day, offers a fresh reappraisal of the controversial educational system. Turner argues that public schools are, in fact, good for the nation and are presently enjoying their true "Golden Age," countering the long-held belief that these institutions achieved their greatest glory during Great Britain's Victorian Era. Turner's engrossing and enlightening work is rife with colorful stories of schoolboy revolts, eccentric heads, shocking corruption, and financial collapse. His thoughtful appreciation of these learning establishments follows the progression of public schools from their sometimes brutal and inglorious pasts through their present incarnations as vital contributors to the economic, scientific, and political future of the country.

The only guide from the ACT organization, the makers of the exam, revised and updated for 2017 and beyond The Official ACT Prep Guide, 2018 Edition, Revised and Updated is the must-have resource for college bound students. The guide is the go-to handbook for ACT preparation and the only guide from the makers of the exam. The book and online content includes the actual ACT test forms (taken from real ACT exams). In addition, this comprehensive resource has everything students need to know about when they are preparing for and taking the ACT. The book contains information on how to register for the exam, proven test-taking strategies, ideas for preparing mentally and physically, gearing up for test day, and much more. This invaluable guide includes additional questions and material that contains articles on everything from preparing a standout college application and getting into your top-choice school to succeeding in college The bestselling prep guide from the makers of the ACT test Offers bonus online contest to help boost college readiness Contains the real ACT test forms used in previous years This new edition offers students updated data on scoring your writing test, new reporting categories, as well as updated tips on how to do your best preparing for the test and on the actual test day from the team at ACT. It also offers additional 400 practice questions that are available online.

A PERFECT PLAN for the PERFECT SCORE STEP 1 Set up your study plan with three customized study schedules STEP 2 Determine your readiness with an AP-style diagnostic exam STEP 3 Develop the strategies that will give you the edge on test day STEP 4 Review the terms and concepts you need to score high STEP 5 Build your confidence with full-length practice exams

Peterson's Private Secondary Schools 2014-15 is a valuable resource to help parents and students evaluate and choose from more than 1,100 schools in the United States, Canada, and throughout the world. Featured institutions include independent day schools, special-needs schools, and boarding schools-including junior boarding schools for middle school students. Profiles offer detailed information on areas of specialization, location/setting, affiliation, accreditation, tuition and aid availability, student body, faculty, academic programs, athletics, computers and campus technology, and admission information. Dozens of in-depth descriptions and displays offer photos of students and school campuses, as well as essential information to help parents find the right private secondary school for their child. Extra Summer Programs section offers additional details on fascinating summer opportunities at private secondary schools.

Education in Non-EU Countries in Western and Southern Europe is a critical reference guide to the development of education in Albania, Andorra, Bosnia and Herzegovina, the Faroe Islands, Iceland, Kosovo, Liechtenstein, Macedonia, Monaco, Montenegro, Norway, San Marino, Serbia, Switzerland and the Vatican City. The chapters, written by regional experts, provide detailed studies of educational systems, which are considered in the light of the broader international trends and developments. Key themes include educational reform and the quality of education, educational change processes in post-socialist transition, the Europeanization of higher education, and the unique challenges of educational provision faced by microstates. Including guides to available online datasets, this book is an essential reference for researchers, scholars, international agencies and policy-makers.
