The Great Gatsby (1925) is a novel by F. Scott Fitzgerald. Published at the height of Fitzgerald's career as a leading writer of American fiction, The Great Gatsby was reviewed poorly by contemporary critics, but has since been recognized as a groundbreaking work for its vision of American decadence and decay. Adapted into several influential films and adored by generations of readers and writers, The Great Gatsby is not only Fitzgerald's crowning achievement, but one of the finest novels ever written. Nick Carraway is a young veteran and Yale graduate who moves to New York in search of work. He rents a bungalow on Long Island next door to the extravagant mansion of Jay Gatsby, a magnanimous millionaire with a mysterious past. There, he reconnects with his distant cousin Daisy and her husband Tom Buchanan, a flagrant philanderer who brings Nick to the city in order to spend time with Myrtle, his impoverished mistress. Soon, he receives an invitation to a party at the Gatsby mansion, where he gets terribly drunk and meets his neighbor, who swears they served together in the Great War. As time goes by, the two begin a tenuous friendship bolstered by stories of the war and a mutual fondness for alcohol. When Nick discovers that Gatsby and Daisy have a complicated history with one another, he starts to question not only the nature of his neighbor's kindness, but his own desire to make it big in New York. The Great Gatsby is a tragic tale of ambition and romance set in the Roaring Twenties, a decade born from war and lost to economic disaster. With a beautifully designed cover and professionally typeset manuscript, this new edition of F. Scott Fitzgerald's The Great Gatsby is a classic work of American literature reimagined for modern readers.

A beautifully illustrated version of the original 1925 edition of F. Scott Fitzgerald's classic Great American novel. Widely considered to be the greatest American novel of all time, The Great Gatsby is the story of the wealthy, quixotic Jay Gatsby and his obsessive love for debutante Daisy Buchanan. It is also a cautionary tale of the American Dream in all its exuberance, decadence, hedonism, and passion. First published in 1925 by Charles Scribner's Sons, The Great Gatsby sold modestly and received mixed reviews from literary critics of the time. Upon his death in 1940, Fitzgerald believed the book to be a failure, but a year later, as the U.S. was in the grips of the Second World War, an initiative known as Council on Books in Wartime was created to distribute paperbacks to soldiers abroad. The Great Gatsby became one of the most popular books provided to regiments, with more than 100,000 copies shipped to soldiers overseas. By 1960, the book was selling apace and being incorporated into classrooms across the nation. Today, it has sold over 25 million copies worldwide in 42 languages. This exquisitely rendered edition of the original 1925 printing reintroduces readers to Fitzgerald's iconic portrait of the Jazz Age, complete with specially commissioned illustrations by Adam Simpson that reflect the gilded splendor of the Roaring Twenties.

Volume 32 of the NBER Macroeconomics Annual features six theoretical and empirical studies of important issues in contemporary macroeconomics, and a keynote address by former IMF chief economist Olivier Blanchard. In one study, SeHyoun Ahn, Greg Kaplan, Benjamin Moll, Thomas Winberry, and Christian Wolf examine the dynamics of consumption expenditures in non-representative-agent macroeconomic models. In another, John Cochrane asks which macro models most naturally explain the post-financial-crisis macroeconomic environment, which is characterized by the co-existence of low and nonvolatile inflation rates, near-zero short-term interest rates, and an explosion in monetary aggregates. Manuel Adelino, Antoinette Schoar, and Felipe Severino examine the causes of the lending boom that precipitated the recent U.S. financial crisis and Great Recession. Steven Durlauf and Ananth Seshadri investigate whether increases in income inequality cause lower levels of economic mobility and opportunity. Charles Manski explores the formation of expectations, considering the efficacy of directly measuring beliefs through surveys as an alternative to making the assumption of rational expectations. In the final research paper, Efraim Benmelech and Nittai Bergman analyze the sharp declines in debt issuance and the evaporation of market liquidity that coincide with most financial crises. Blanchard's keynote address discusses which distortions are central to understanding short-run macroeconomic fluctuations.

During the time of Prohibition many newly rich people earned their money from the bootlegging business, selling illegal alcohol out of their back doors. And Jay Gatsby is one of them. But is Gatsby's economic success nevertheless a realization of the American Dream? It is important to ask that question because often The Great Gatsby is mainly associated with the American Dream and its typical lifestyle. Parties, money, expensive cars and women dressed in the typical fashion of the "Golden Twenties". But there is much more behind Jay Gatsby's story. How did he make his way up to the top? And how important is wealth, success and his social status really in his opinion? In the following those questions will be given a closer look at. At first a definition and the history of the American Dream will be given. Then there will be some general information about the Prohibition. The next point is about Gatsby's wealth and his success with a special focus on his illegal affairs. Afterwards Gatsby's reputation in society, also concerning his wealth and illegal means will be analysed. At the end the results will be summarized and an answer to the question whether Gatsby's economic success is a realization of the American Dream, will be given in the conclusion.

over the course of time. Afterwards, by presenting the dark side of the American Dream, this paper takes a specific look at the deconstruction of the American Dream in "The Great Gatsby". Due to this fact, the American Dream is turning into an American nightmare, which will also be investigated. What is also presented in this section is a criticism of the American Dream. Finally, the question whether the pursuit of happiness and freedom or the pursuit of success and wealth plays a more important role will be answered. The changing role of the American Dream will also be clarified and briefly summarized.

Seminar paper from the year 2004 in the subject American Studies - Literature, grade: A, San Diego State University, course: Major American Writers, 2 entries in the bibliography, language: English, abstract: F. Scott Fitzgerald's masterpiece The Great Gatsby was written in a time of social decadence, in which values no longer played an important role among the newly rich and wannabe famous, whose life was about parties, money and affairs. On the surface, Fitzgerald's story also seems to deal with success, wealth and love. Although the superficial life of the rich and powerful is a major theme in The Great Gatsby, however, it mostly explores underlying complexities and personalities and in this way reveals the negative side of the American Dream to the reader. Corruption, despair and desperate desire come along with idealism, faith and illusions. The protagonist, Jay Gatsby, personifies the American Dream as he is a man with a dubious background who managed to accomplish a luxurious style of living and to achieve everything he wanted to have by his own efforts - except of his great love, that is Daisy. The Great Gatsby is built upon the desperate desires of the protagonist and reveals a glance behind the glittering facade of the rich. Fitzgerald manages to draw the reader's attention to significant details and symbols in the text in order to make one think about so-called 'truths' and about the sham reality of a society that tries to keep up appearances. Consequently, symbols are an essential device of adding profundity to the text and of allowing the reader to gain insight into a character's personality. The most significant symbolism applied in The Great Gatsby is color symbolism, green, white, gray, blue and yellow being the most prominent colors throughout the novel. In this paper, I will concentrate on analyzing Fitzgerald's symbolic use of the color green based on the most significant examples and thus try to expose the meaning of its appliance in regard to society and the protagonists in the novel.

A must-have new edition of one of the great American novels--and one of America's most popular--featuring a new introduction by Min Jin Lee, the New York Times bestselling author of Pachinko, and a striking new cover that brings the quintessential novel of the Roaring Twenties into the 2020s A Penguin Classics Deluxe Edition Young, handsome, and fabulously rich, Jay Gatsby seems to have everything. But at his mansion east of New York City, in West Egg, Long Island, where the party never seems to end, he's often alone in the glittering Jazz Age crowd, watching and waiting, as speculation swirls around him--that he's a bootlegger, that he was a German spy during the war, that he even killed a man. As writer Nick Carraway is drawn into this decadent orbit, he begins to see beneath the shimmering surface of the enigmatic Gatsby, for whom one thing will always be out of reach: Nick's cousin, the married Daisy Buchanan, whose house is visible from Gatsby's just across the bay. A brilliant evocation of the Roaring Twenties and a satire of a postwar America obsessed with wealth and status, The Great Gatsby is a novel whose power remains undiminished after a century. This edition, based on scholarship dating back to the novel's first publication in 1925, restores Fitzgerald's masterpiece to the original American classic he envisioned, and features an introduction addressing how gender, race, class, and sexuality complicate the pursuit of the American Dream.

Seminar paper from the year 2007 in the subject English Language and Literature Studies - Literature, grade: 2,0, University of Trier (Anglistik), course: F. Scott Fitzgerald, language: English, abstract: F. Scott Fitzgerald is an author who is well known for illustrating life during the Jazz Age in his works. In this treatise, we will be dealing with one of those novels. More specifically, this is a study about Jay's obsession in "The Great Gatsby". James Gatz alias Jay Gatsby is a newly rich gangster who wants to regain the heart of his lost love, the upper-class girl Daisy. To begin with, I will try to find out where Jay's obsession comes from, where it starts, and what the reasons for his becoming obsessive are. Secondly, I will have a look at how and why the obsession increases. During that, the relationship to Dan Cody will be inspected. Then it is time to have a closer look at Daisy. Her relationship to Gatsby is the most important one in the book. Daisy's influence on Gatsby will be shown clearly. Furthermore, I will talk about the importance of money for Jay's obsession and possible connections to other desires especially with regard to his relationship with Daisy. Gatsby's way of using his money will be reviewed. Because time is an important element for the story, the relation between time and Jay's obsession will be discussed. Here Daisy, as Gatsby's dream, is again closely connected, now to time. A faint foreshadowing of Gatsby's great failure will be brought out in this chapter already.

Seminar paper from the year 2007 in the subject American Studies - Literature, grade: 2,0, Martin Luther University, language: English, abstract: "The Lost Generation" is a term which encompasses a broad range of American authors who were born around 1900. Amongst those litterateurs are many who are said to be among the most influential and important writers in the history of American letters. This term paper shall examine what historical circumstances constituted the "common adventures" and "common attitudes" of that generation as reflected in Fitzgerald's novel The Great Gatsby. The term "The Lost Generation" was given by Gertrude Stein, an authoress of note and contemporary of both Fitzgerald and Hemingway, who used her quotation: "you are all a lost generation," as the epigraph for his novel The Sun Also Rises. What is meant by the attribute "lost"? Why was this dismal term applied to the young adults of the 1920s - an era of prosperity and freedom in America? How did Fitzgerald depict this "lost" world in The Great Gatsby, with respect to material abundance on the one hand versus spiritual poverty on the other? The zeitgeist of an era inevitably shapes the human beings who live in it: how they act, what they look like, and what they think the meaning of their lives in particular and humanity in general might be. Therefore, it is necessary to explore the 1920s in America in order to understand fully the meaning Fitzgerald communicates in The Great Gatsby. This paper will therefore investigate several characteristics of the decade which are relevant for the interpretation of the novel. The parameters to be surveyed are: society in general; the materialism, wealth and industrialization which created that society; Prohibition as one of the most significant elements of the 20s; the faltering faith in God (as but one example of the failure of institutions that were supposed to be a refuge for human beings); and the loss of faith in the American dream and other treasured ideals. These issues will be analyzed in consideration of The Great Gatsby and the question of how Fitzgerald uses them as tropes for his social

criticism of the so called Jazz Age. The paper will be based on a number of monographs and anthologies dealing with the major American writers and literature of the 1920s as well as the historical context that shaped their literary vision. The particular focus will be on Fitzgerald's seminal novel, *The Great Gatsby*, as it incorporates and inflects the major historical and literary themes of its time.

Colors symbolize various things in everyday live. One usually has an instinctive connection from colors to certain feelings or uses. In his novel "*The Great Gatsby*", F. With my term paper on Fitzgerald's color symbolism in "*The Great Gatsby*" I want to show the different uses of colors and the way color influences a scene subliminal.
