The Sony DSC-HX9V comes with a printed basic startup guide and the CD that comes with the camera has a comprehensive User Manual that can be downloaded to the computer. It seems the User Manual is only available in a HTML format which is fine on the computer but I am looking for a way to save it as a PDF file so I can load it into my iPad2.

In case you don't have the CD-based HTML version, the HX9V User Guide is available here: http://esupport.sony.com/docs/dvimag/DSCHX9V_guide/eng/index.html. At the top right there's a 'Print' button. Click that, and on the menu to the left you'll see 'Destination' with your default printer listed (if available).
