Provides information on manuscript preparation, punctuation, spelling, quotations, captions, tables, abbreviations, references, bibliographies, notes, and indexes, with sections on journals and electronic media.

Sunday Times bestselling author Caroline Taggart brings her usual gently humorous approach to punctuation, pointing out what really matters and what doesn't. In Roman times, blocks of text were commonly written just as blocks without even wordspacingnevermindpunctuation to help the reader to interpret them. Orators using such texts as notes for a speech would prepare carefully so that they were familiar with the content and didn't come a cropper over a confusion between, say, therapists and the rapists. As we entered the Christian era and sacred texts were widely read (by priests if not by the rest of us), it became ever more important to remove any likelihood of misinterpretation. To a potential murderer or adulterer, for example, there is a world of difference between 'If you are tempted, yield not, resisting the urge to commit a sin' and 'If you are tempted, yield, not resisting the urge to commit a sin'. And the only surface difference is the positioning of a comma. So yes, you SMS-addicts and 'let it all hang out' Sixties children, punctuation does matter. And, contrary to what people who tear their hair out over apostrophes believe, it is there to help - to clarify meaning, to convey emphasis, to indicate that you are asking a question or quoting someone else's words. It also comes in

handy for telling your reader when to pause for breath. Caroline Taggart, who has made a name for herself expounding on the subjects of grammar, usage and words generally (and who for decades made her living putting in the commas in other people's work), takes her usual gently humorous approach to punctuation. She points out what matters and what doesn't; why using six exclamation marks where one will do is perfectly OK in a text but will lose you marks at school; why hang glider pilots in training really need a hyphen; and how throwing in the odd semicolon will impress your friends. Sometimes opinionated but never dogmatic, she is an ideal guide to the (perceived) minefield that is punctuation.

A guide to proper American English word usage, grammar, pronunciation, and style features examples of good and bad usage from the media.

This book introduces international students to the characteristics of legal education in the United States and helps them develop the linguistic, analytical, and cultural skills to thrive at a U.S. law school. Part I focuses on the academic legal writing skills needed to write in law school. It guides students in reviewing their own writing skills and helps them to adapt to the conventions of academic legal writing at the whole text, paragraph, and sentence levels. It also gives students guidance in effectively presenting their ideas in writing so that a reader can quickly grasp their reasoning and meaning. Part II introduces students to common law and legal analysis. Following a brief introduction to the U.S. legal system, the book focuses on the skills required to read, discuss, and write about legal cases in a U.S. law class. Cases in torts and criminal procedure law provide an opportunity to apply these skills while also teaching high-frequency legal vocabulary. Throughout the book, students can read clear and concise explanations and practice the skills they are acquiring with detailed practice exercises. Professors and students will benefit from: Clear explanations of academic legal writing expected of law students on written assignments, such as exams and papers Straightforward definitions and explanations about how the common law system in the U.S. works Guidelines and practice in reading, discussing, and writing about legal cases Authentic tasks and exercises for all key concepts

"The official style guide used by the writers and editors of the world's most authoritative news organization."

This comprehensive guide will prepare candidates for the test in all 50 states. It includes four complete practice exams, a real estate refresher course and complete math review, as well as a real estate terms glossary with over 900 terms, and expert test-prep tips.

A user-friendly reference guide plus workbook containing the most important rules of English grammar, punctuation, capitalization, and writing numbers that people need every day. Full of helpful, real-world examples, exercises, tests, and answers. Perfect for business professionals, professors, teachers, students, and home schooling families, The Blue Book of Grammar and Punctuation is used in hundreds of universities, high schools, middle schools and corporations through the United States as well as in developing nations. Take an online quiz, get editing help, order the book, join the Q&A club, read Jane Straus's articles, or register for her monthly newsletter.

More people write for The Associated Press than for any newspaper in the world, and writers—nearly two million of them—have bought more copies of The AP Stylebook than of any other journalism reference. It provides facts and references for reporters, and defines usage, spelling, and grammar for editors. There are separate sections for journalists specializing in sports and business, and complete guidelines for how to write photo captions, file copy over the wire, proofread text, handle copyrights, and avoid libel. This edition of The AP Stylebook keeps pace with world events, common usage, and AP procedures.
