to bring all locations together - a group of small museums might want to provide a complete collection of all objects in the group.

~~Import Export utility for the Museum Archive software project~~

I have tried Museum Lite but didn't find it very intuitive, especially as I have only minimal formal archive training. I think I would like to try out these other free software packages so thank you for including the links. I think I'll have another look at Museum Lite in case it has changed since my last use.
