Factor networks, communities of practice and capacity building. Across all of these contexts, a pragmatic focus persists-to examine the 'organization' and 'management' of groups of people collaborating to productive ends, and to analyze what makes for success and sustainability. The focus of the journal is on those intangible drivers which determine not only the livability of organizations for insiders, and their credibility and attraction to outsiders; but also their tangible results in the form of efficiency, effectiveness and productivity. The intangibles of knowledge, culture and

Change management do not appear on balance sheets, but ultimately do have an enormous impact on 'bottom lines'. The journal attempts to address dynamics of knowledge, culture and change as they manifest themselves in organizations. The perspectives range from big picture analyses to detailed case studies which speak to the tangible value of organizational intangibles. They traverse a broad terrain, from theory and analysis to practical strategies. The journal is relevant for academics in the fields of management, social sciences and education/training, research students,
