The iPad does everything...but what if you don't want to do everything?! Sure, it's great that you can log into a private network or set up an iMAP / POP email account--but what if you are retired and just want to know the basics--like how to do a group Facetime with all the grandkids! This book walks you through what you need to know step-by-step--including how navigation works now that the Home button is gone on some of the iPad Pros. It covers only what you need to know--so you don't have to comb through hundreds of pages of tech-speak just to find out how to do a common feature. This book is based on the bestselling book "The Ridiculously Simple Guide to the Next Generation iPad Pro" but includes sections specifically for seniors (including accessibility features that make text easier to see). Are you ready to start enjoying your new iPad Pro? Then let's get started! Note: This book is not endorsed by Apple and should be considered unofficial.
