The moment Jade Goody stepped into the Big Brother house in 2002, her life changed forever. As soon as she opened her mouth on national TV, Jade secured her place as the unofficial winner of the third series of Big Brother and became the most famous reality TV star in the UK. The glitz and glamour of Jade's sudden fame was a far cry from the real-life drama of the estate where she made her start. Brought up in a run-down part of Bermondsey, South London, caring for her disabled mum and with her dad in and out of prison, she had experienced more by the time she started secondary school than most people do in their whole lifetime. But Jade always lived her life with incredible spirit and that is what endeared her to millions of people during her time on Big Brother. Behind the bubbly exterior, though, there was a tough and fiercely determined lady. Jade was always the first to admit that she had made mistakes and there were many trials and tribulations along the way. But when she was diagnosed with cervical cancer in 2008, she faced the toughest battle of her life, in the full glare of the national media. Jade fought with dignity and unbelievable strength of character, never giving up hope and always striving to do the best she could for her beloved boys, Bobby and Freddy. In this, the second instalment of her autobiography, Jade spares no detail as she reveals all about her time in therapy, her tempestuous relationship with the love of her life, Jack Tweed (who she married in February 2009) and the trauma of her cancer diagnosis. Funny, moving and disarmingly honest, *Fighting to the End* truly is a fitting tribute to one of Britain's best loved celebrities.

This book contributes to our collective understanding of the significance of representations of women and gender in magazines in both their print and online forms. The essays are authored by scholars, writers and cultural producers in fields such as art, film and visual studies, literature, critical race studies, communications, broadcast and print journalism, history, and women and gender studies. Taken as a whole, the volume offers historical breadth and perspectives that are transnational and cross-racial on women in magazines and digital media in a variety of ways. It examines how women are represented, how women have created and produced magazines and how women make meaning of themselves and their world using magazines as key sources of information.

In this World Fantasy Award-winning novel of magic and kungfu, four siblings battle rival clans for honor and power in an Asia-inspired fantasy metropolis. *Named one of TIME's Top 100 Fantasy Books Of All Time * World Fantasy Award for Best Novel, winner Jade is the lifeblood of the island of Kekon. It has been mined, traded, stolen, and killed for -- and for centuries, honorable Green Bone warriors like the Kaul family have used it to enhance their magical abilities and defend the island from foreign invasion. Now, the war is over and a new generation of Kauls vies for control of Kekon's bustling capital city. They care about nothing but protecting their own, cornering the jade market, and defending the districts under their protection. Ancient tradition has little place in this rapidly changing nation. When a powerful new drug emerges that lets anyone -- even foreigners -- wield jade, the simmering tension between the Kauls and the rival Ayt family erupts into open violence. The outcome of this clan war will determine the fate of all Green Bones -- and of Kekon itself. Praise for *Jade City*: "An epic drama reminiscent of the best classic Hong Kong gangster films but set in a fantasy metropolis so gritty and well-imagined that you'll forget you're reading a book." --Ken Liu, Hugo, Nebula, and World Fantasy Award-winning author "A beautifully realized setting, a great cast of characters, and dramatic action scenes. What a fun, gripping read!" --Ann Leckie, Hugo, Nebula, and Arthur C. Clarke Award-winning author "An instantly absorbing tale of blood, honor, family and magic, spiced with unexpectedly tender character beats." --NPR *The Green Bone Saga Jade City Jade War Jade Legacy*

At 24, Jade has had a life that reads more like a soap opera & she now tells her extraordinary story. From being abandoned by her father, to caring for her mother, & bringing up two kids on her own, Jade reveals far more than the tabloids have ever known.

In Jade War, the sequel to the World Fantasy Award-winning novel Jade City, the Kaul siblings battle rival clans for honor and control over an Asia-inspired fantasy metropolis. On the island of Kekon, the Kaul family is locked in a violent feud for control of the capital city and the supply of magical jade that endows trained Green Bone warriors with supernatural powers they alone have possessed for hundreds of years. Beyond Kekon's borders, war is brewing. Powerful foreign governments and mercenary criminal kingpins alike turn their eyes on the island nation. Jade, Kekon's most prized resource, could make them rich - or give them the edge they'd need to topple their rivals. Faced with threats on all sides, the Kaul family is forced to form new and dangerous alliances, confront enemies in the darkest streets and the tallest office towers, and put honor aside in order to do whatever it takes to ensure their own survival - and that of all the Green Bones of Kekon. Jade War is the second book of the Green Bone Saga, an epic trilogy about family, honor, and those who live and die by the ancient laws of blood and jade. The Green Bone Saga Jade City Jade War

A riddle rarely makes sense the first time you hear it. The connection between Dane, a bully, and Billy D, a guy with Down Syndrome, doesn't even make sense the second time you hear it. But it's a collection of riddles that solidify their unlikely friendship. Dane doesn't know who his dad is. Billy doesn't know where his dad is. So when Billy asks for Dane's help solving the riddles his dad left in an atlas, Dane can't help but agree. The unmarked towns lead them closer to secrets of the past. But there's one secret Billy isn't sharing. It's a secret Dane might have liked to know before he stole his mom's car and her lottery winnings and set off on a road trip that will put him face to face with Billy's dad.

In this timely analysis of the economics of access that surround contemporary female celebrity, Hannah Yelin reveals a culture that requires women to be constantly 'baring all' in physical exposure and psychic confessions. As famous women tell their story, in their 'own words', constellations of ghostwriters, intermediaries and market forces undermine assertions of authorship and access to the 'real' woman behind the public image. Yelin's account of the presence of the ghostwriter offers a fascinating microcosm of the wider celebrity machine, with insights pertinent to all celebrity mediation. Yelin surveys life-writing genres including fiction, photo-diary, comic-strip, and art anthology, as well as more 'traditional' autobiographical forms; covering a wide range of media platforms and celebrity contexts including reality TV, YouTube, pop stardom, and porn/glamour modelling. Despite this diversity, Yelin reveals seemingly inescapable conventions, as well as spaces for resistance. Celebrity Memoir: from Ghostwriting to Gender Politics offers new insights on the curtailment of women's voices, with ramifications for literary studies of memoir, feminist media studies, celebrity studies, and work on the politics of production in the creative industries.

Examining four major institutions, Michele Strong considers the experiences of working men and women, particularly artisans, but also young apprentices and clerks, who travelled abroad as participants in an educational reform movement spearheaded by middle-class liberals.
