KEEP THE FAITH is Faith's first person account of life at ground zero of hip-hop's greatest generation. She'll share the truth about the love affair that changed her life, and the innuendo that rocked the hip-hop world to its core. From her passionate and tragically short-lived life with Biggie, Faith will finally lay the true story on the line.

Anyone who writes an autobiography and tells the gritty truth should be respected. It's easy to gloss over and blame others after the fact, but Miss Faith keeps it real. I'm in my 60's so a bit removed from being a hip-hop fan, but when I saw her performance on the 2018 Soul Train Music awards, I was moved to buy this book.

Former President Barack Obama's A Promised Land sold nearly 890,000 copies in the US and Canada in its first 24 hours, putting it on track to be the best selling presidential memoir in modern history.

It's been over ten years since Big was killed. I grieved for him for a very long time. And then, as time passed, the icy wall of grief surrounding my heart began to thaw and I began to heal. I remarried, had more children, and continued to record and release more music. I continued to live my life. And while I can never discount the time I spent with Big, I've never felt the need to live in the past. But sometimes, I still find myself thinking about Big being rushed the hospital, and I break down in tears. It's not just because we hung up on each other during what would be our last telephone conversation. And it's not because I am raising our son, a young man who has never known his father. It's partly all of those things. But mainly it's because he wasn't ready to go. His debut album was called Ready to Die. But in the end, he wasn't. Big never got a chance to tell his story. It's been left to others to tell it for him. In making the decision to tell my own story, it means that I've become one of those who can give insight to who Big really was. But I can only speak on what he meant to me. Yet I also want people to understand that although he was a large part of my life, my story doesn't actually begin or end with Big's death. My journey has been complicated on many levels. And since I am always linked to Big, there are a lot of misconceptions about who I really am. I hope that in reading my words, there is inspiration to be found. Perhaps you can

duplicate my success or achieve where I have failed. Maybe you can skip over the mistakes I've made. Use my life as an example-of what to do and in some cases, what not to do. It's not easy putting your life out there for the masses. But I've decided I'll tell my own story. For Big. For my children. And for myself.

The platinum-selling R&B performer traces her early music career, her scandalous relationships with such figures as Tupac and Lil' Kim, and the tragic loss of her husband Notorious B.I.G., whose high-profile murder posed the greatest challenge of her life.

Available for the first time in paperback, Keeping Faith is Jimmy Carter's account of the satisfaction, frustration, and solitude that attend the man in the Oval Office. Keeping Faith is Jimmy Carter's account of the satisfaction, frustration, and solitude that attend the man in the Oval Office. Mr. Carter writes candidly about the crises that confronted him during his tenure as President of the United States and leader of the free world, from 1977 to 1981. "The President who cared" details his anguish over the hostage crisis in Iran, his triumph against all odds at Camp David, his secret communications with China's Deng Xiaoping, and his dramatic and revealing encounters with Soviet President Leonid Brezhnev, West German Chancellor Helmut Schmidt, and other world leaders. Mr. Carter also shares glimpses of his private world—his feelings of being an outsider in Washington, his relationship with Rosalynn, his pain about the attacks on his friends and his brother Billy. Captivatingly written, this rich historical document delineates a morally responsible president who has continued to earn respect and admiration as a world statesman and advocate for the poor and repressed of all nations.

Chronicles an Army chaplain's spiritual journey through war, homecoming, healing, and the process of learning to believe again, as he faces and then reconciles his doubt with his very own faith and finds God in his heart once again.

"A triumph. This novel's haunting strength will hold the reader until the very end and make Faith and her story impossible to forget." —Richmond Times Dispatch "Extraordinary." —Orlando Sentinel From the #1 New York Times bestselling author Jodi Picoult (Nineteen Minutes, Change of Heart, Handle with Care) comes Keeping Faith: an "addictively readable" (Entertainment Weekly) novel that "makes you wonder about God. And that is a rare moment, indeed, in modern fiction" (USA Today).

NEW YORK TIMES BESTSELLER □ Senator John McCain's deeply moving memoir is the story of three generations of warriors and the ways that sons are shaped and enriched by their fathers. John McCain's grandfather, a four-star admiral and one of the navy's greatest commanders, led the strongest aircraft carrier force of the Third Fleet during World War II. McCain's father, also a four-star admiral, served as commander of all U.S. forces in the Pacific during the Vietnam War. It was in Vietnam that John McCain III faced the most difficult challenge of his life. A naval aviator, he was shot down over Hanoi in 1967. Recognized as the son of a top commander, McCain was tortured and imprisoned for five and a half years. Despite this, he refused Vietnamese offers of an early release. What McCain learned from his grandfather and father enabled him to survive those hard years. A testament to the power of human endurance, Faith of My Fathers is the story of three men who fought for their country with courage and emerged with their honor intact. Praise for Faith of My Fathers "A thoughtful first-person take on survival, both physical and psychological . . . hard to top and impossible to read without being moved."—USA Today "A candid, moving, and entertaining memoir . . . impressive and inspiring, the story of a man touched and molded by fire who loved and served his country in a time of great trouble, suffering, and challenge."—Kirkus Reviews "A serious, utterly gripping account of faith, fathers, and the military."—Publishers Weekly (starred review) "Faith of My Fathers may also appeal to those who flocked to Saving Private Ryan and kept Brokaw's The Greatest Generation near the top of the bestseller lists."—Library Journal "Faith of My Fathers is the powerful story of a war hero. In it we learn much of what matters most. As prisoner (and later Senator) McCain instructs us: Glory is not an end in itself, but rather a reward for valor and faith. And the greatest freedom and human fulfillment comes from engaging in a noble enterprise larger than oneself. Faith of My Fathers teaches deep truths that are valid in any age but that warrant special attention in our own."—William J. Bennett

In the strange, us-versus-them Christian subculture of the 1990s, a person's faith was measured by how many WWJD bracelets she wore and whether he had kissed dating goodbye. Evangelical poster child Addie Zierman wore three bracelets asking what Jesus would do. She also led two Bible studies and listened exclusively to Christian music. She was on fire for God and unaware that the flame was dwindling—until it burned out. Addie chronicles her journey through church culture and first love, and her entrance—unprepared and angry—into marriage. When she drops out of church and very nearly her marriage as well, it is on a sea of tequila and depression. She isn't sure if she'll ever go back. When We Were

Read Free Keep The Faith A Memoir

on Fire is a funny, heartbreaking story of untangling oneself from what is expected to arrive at faith that is not bound by tradition or current church fashion. Addie looks for what lasts when nothing else seems worth keeping. It's a story for doubters, cynics, and anyone who has felt alone in church.

In this beautifully written work, one of America's most beloved meditation teachers offers discerning wisdom on understanding faith as a healing quality. Through the teachings of Buddha and insight gained from her lifelong spiritual quest, Salzberg provides us with a road map for cultivating a feeling of peace that can be practiced by anyone of any tradition.

In this powerful and personal reflection, a New York Times bestseller, President Jimmy Carter contemplates how faith has sustained him in happiness and disappointment and considers how we may find it in our own lives. All his life, President Jimmy Carter has been a courageous exemplar of faith. Now he shares the lessons he learned. He writes, "The issue of faith arises in almost every area of human existence, so it is important to understand its multiple meanings. In this book, my primary goal is to explore the broader meaning of faith, its far-reaching effect on our lives, and its relationship to past, present, and future events in America and around the world. The religious aspects of faith are also covered, since this is how the word is most often used, and I have included a description of the ways my faith has guided and sustained me, as well as how it has challenged and driven me to seek a closer and better relationship with people and with God." Quoting eminent Protestant theologians, in Faith President Carter describes his belief in religious freedom, moral politics, and the place of prayer in his daily life. He examines faith's many meanings, he describes how to accept it, live it, how to doubt and find faith again. This is a serious and moving reflection from one of America's most admired and respected citizens.
