Academic Discourse 2 –
[Asynchronous Learning Pack
2] Language And Literacy
Studying Discourse

Language and Literacy makes that connection. It introduces the study of language as discourse--language as it is used by speakers and writers for authentic purposes. It offers prospective teachers of both first and second language learners the formal underpinnings about language that they need for their teaching of language and literacy.

people to establish a social place and ways for others to judge them (see Trudgill, 1995).

Bakhtinian Perspectives on Language, Literacy, and Learning

Writing teachers have been focusing on discourse structures in their classrooms since the 1960s when teaching moved from the sentence level to the discourse level with the introduction of a focus on rhetorical functions in the teaching of second language writing. Examples of rhetorical functions include descriptions, narratives, definitions,

its existence and it is impossible to understand the linguistic items, used in discourse, without a context.

The Functions of Language in Discourse with Examples ...

The connections between language and discourse mean that one cannot study language in depth without also studying discourse. Studying these areas, in turn, requires an understanding of cultural contexts. This is why linguistics is such a challenging field: meaning is not constant. Linguists are constantly trying to figure out exactly how ...

Communities And Circums
What Is the Relationship
between Language and
Discourse?

Through that, students can learn oral discourse management of rhythm and intonation as well as having a chance to explore authentic social interaction that takes place between people in L2. Then, a teacher can design a role play or student-led discussions and debates in order for the students to practice speaking through what they have learned, and assign a writing exercise to practice writing.
