Harmony Lesson 7.1 (Patterns Only)

Watch the Playing a Pattern online guitar lesson by Stu Hamm from Learn Bass 1: First Steps for Beginners The great thing about playing bass is that all the strings are tuned in 4ths. Since they're consistent, if you learn a pattern or position in one key, all you have to do is move it around the neck and you can play the same pattern in any key, just by moving your hands.

P.7 MATHEMATICS SELF-STUDY LESSONS SET 4 11.6.2020 LESSON 1 TOPIC : NUMBER PATTERNS AND SEQUENCES
SUB TOPIC : FINDING FACTORS AND COMMON FACTORS OF NUMBERS Learning outcomes By the end of this lesson, you should be able to:- Define factors. List factors of the given numbers. Identify greatest common factors.

LESSON 1 TOPIC : NUMBER PATTERNS AND SEQUENCES SUB TOPIC ...

Lesson Plan Title : Patterns. Age Range: Kindergarten through Grade 2 (Primary / Elementary School) Overview and Purpose: This activity will help students see the logic of creating patterns and help them begin to be able to create their own. The lesson should begin with the definition of the word 'pattern' (things arranged following a rule).

Lesson Plan: Patterns

Students will be able to identify what a pattern is and predict what should come next in patterns. Students will be able to create an AB pattern. The adjustment to the whole group lesson is a modification to differentiate for children who are English learners.
