Michelle Obama
Michelle Obama ’ s worldwide bestselling memoir, Becoming, is now adapted for young readers. Michelle Robinson was born on the South Side of Chicago. From her modest beginnings, she would become Michelle Obama, the inspiring and powerful First Lady of the United States, when her husband, Barack Obama, was elected the forty-fourth president. They would be the first Black First Family in the White House and serve the country for two terms. Growing up, Michelle and her older brother, Craig, shared a bedroom in their family ’ s upstairs apartment in her great-aunt ’ s house. Her parents, Fraser and Marian, poured their love and energy into their children. Michelle ’ s beloved dad taught his kids to work hard, keep their word, and remember to laugh. Her mom showed them how to think for themselves, use their voice, and be unafraid. But life soon took her far from home. With determination, carefully made plans, and the desire to achieve, Michelle was eager to expand the sphere of her life from her schooling in Chicago. She went to Princeton University, where she learned what it felt like to be the only Black woman in the room. She then went to Harvard Law School, and after graduating returned to Chicago and became a high-powered lawyer. Her plans changed, however, when she met and fell in love with Barack Obama. From her early years of marriage, and the struggle to balance being a working woman, a wife, and the mom of two daughters, Michelle Obama details the shift she made to political life and what her family endured as a result of her husband ’ s fast-moving political career and campaign for the presidency. She shares the glamour of ball gowns and world travel, and the difficulties of comforting families after tragedies. She managed to be there for her daughters ’ swim competitions and attend plays at their schools without catching the spotlight, while defining and championing numerous initiatives, especially those geared toward kids, during her time as First Lady. Most important, this volume for young people is an honest and fascinating account of Michelle Obama ’ s life led by example. She shares her views on how all young people can help themselves as well as help others, no matter their status in life. She asks readers to realize that no one is perfect, and that the process of becoming is what matters, as finding yourself is ever evolving. In telling her story with boldness, she asks young readers: Who are you, and what do you want to become?

Miss Congeniality meets She ’ s the Man in this hilarious M!X novel about a girl torn between competing in a beauty pageant and playing on the boy ’ s baseball team. Gabby ’ s summer vacation isn ’ t shaping up to be that great. Her dad was just deployed overseas, and Gabby is staying at her grandmother ’ s house with her mom and baby sister until he returns. The one bright spot is that Gaby plans to sign up for the local softball league—her greatest love and a passion she shares with her Dad who was a pitcher in college. But when Gabby goes to sign up for the summer league, she discovers that there wasn ’ t enough interest to justify a girl ’ s team this year. And to top it off, a horrible miscommunication ends with Gabby signed up to participate in the Miss Popcorn Festival—the annual pageant that Gabby ’ s mom dominated when she was younger. Besides not having any interest in the pageant life, Gabby made a promise to her dad that she would play softball for the summer. Since her pitching skills rival any boy her age, Gabby creates a master plan: disguise herself as a boy and sign up for the boy ’ s baseball team instead—and try to win the pageant to make Mom happy. Can Gabby juggle perfecting her pageant walk and perfecting her fastball? Or will this plan strike out?
