~~Maxim | Definition of Maxim at Dictionary.com~~

Maxim, proverb, gnome, aphorism, apothegm, sententia all of these terms mean essentially the same thing: a short, easily remembered expression of a basic principle, general truth or rule of conduct. Think of a maxim as a nugget of wisdom or at least of apparent wisdom. Maxims are universal and testify to the commonality of human existence.

~~Definition and Examples of Maxims~~

All people of broad, strong sense have an instinctive repugnance to the men of maxims; because such people early discern that the mysterious complexity of our life is not to be embraced by maxims, and that to lace ourselves up in formulas of that sort is to repress all the divine promptings and inspirations that spring from growing
