This book derives from an ICSSR New Delhi-sponsored National seminar on teacher education issues and concerns, with special reference to North East India, organised by the Department of Education at Mizoram University, Aizawl, India. The entire fabric of any modern and progressive country is built upon the quality, dedication, competency, and commitment of teachers. A great responsibility lies with teachers, as a generation of young people ' s education is dependent on teachers ' ability to teach well. The teacher education system is, therefore, an important vehicle to improve the quality of education, which means that the revitalisation and strengthening of the teacher education system is a powerful way to raise the standard of education in a country. This collection of papers analyses this teacher education system and the processes of improvement that are taking place.

This early work by William Wymark Jacobs was originally published in 1902 and we are now republishing it with a brand new introductory biography. Jacobs worked as a clerk in the civil service before turning to writing in his late twenties, publishing his first short story in 1895. Most of Jacobs' work appeared before the onset of World War I, and although the majority of his output was humorous in tone, he is best-remembered now for his macabre tales, particularly those contained in his 1902 collection The Lady of the Barge, such as 'The Monkey's Paw' and 'The Toll House'.

A venerable tiger, old and toothless now, looks back over his life from cubhood and early days roaming wild in the Indian jungle. Trapped into a miserable circus career as 'Raja the magnificent', he is then sold into films (co-starring with a beefy Tarzan in a leopard skin) until, finding the human world too brutish and bewildering, he makes a dramatic bid for freedom. R.K. Narayan's story combines Hindu mysticism with ripe Malgudi comedy, viewing human absurdities through the eyes of a wild animal and revealing how, quite unexpectedly, Raja finds sweet companionship and peace.

Case studies of economically disadvantaged children and their labor in different Indian industries.
