I started teaching computer classes a couple of years ago. It seemed that almost all of my students were generally saying the same thing: I bought a book on how to use this program but I just don't understand what is in the book. I thing you have to be a computer nerd to understand this stuff. Microsoft Office Word 2007 is a very powerful word processor program, but it doesn't have to be complicated or hard to use. I decided to write an easy to understand book on how to use the Microsoft Office Word 2007. This book has easy to follow step by step directions on how to use word 2007.
