Every day Americans make decisions about their privacy: what to share, how much to expose to whom. Securing the boundary between private affairs and public identity has become a central task of citizenship. Sarah Igo pursues this elusive social value across the twentieth century, as individuals asked how they should be known by their own society.

Contains rules and advice for improved effectiveness in written and oral English and a section explaining common grammatical errors

Offering a rich and insightful road map of Asian American history as it has evolved over more than 200 years, this book marks the first systematic attempt to take stock of this field of study. It examines, comments, and questions the changing assumptions and contexts underlying the experiences and contributions of an incredibly diverse

Online Library Modern American History Edition Guided Answer Key

population of Americans. Arriving and settling in this nation as early as the 1790s, with American-born generations stretching back more than a century, Asian Americans have become an integral part of the American experience; this cleverly organized book marks the trajectory of that journey, offering researchers invaluable information and interpretation. Part 1 offers a synoptic narrative history, a chronology, and a set of periodizations that reflect different ways of constructing the Asian American past. Part 2 presents lucid discussions of historical debates—such as interpreting the anti-Chinese
