Kids around the world love Disney animated films, and many of their parents trust the Disney corporation to provide wholesome, moral entertainment for their children. Yet frequent protests and even boycotts of Disney products and practices reveal a widespread unease with the sometimes mixed and inconsistent moral values espoused in Disney films as the company attempts to appeal to the largest possible audience. In this book, Annalee R. Ward uses a variety of analytical tools based in rhetorical criticism to examine the moral messages taught in five recent Disney animated films—The Lion King, Pocahontas, The Hunchback of Notre Dame, Hercules, and Mulan. Taking the films on their own terms, she uncovers the many mixed messages they purvey: for example, females can be leaders—but male leadership ought to be the norm; stereotyping is wrong—but black means evil; historical truth is valued—but only tell what one can sell, etc. Adding these messages together, Ward raises important questions about the moral ambiguity of Disney's overall worldview and demonstrates the need for parents to be discerning in letting their children learn moral values and life lessons from Disney films.

To a large extent, the progress of India depends on true and solid education. But what is true and solid education ? Man has various powers and abilities–physical, mental and moral. The education, means all three of these. To be specific, man's moral character must be developed along with his mind and body. Real peace and happiness in his life depends on right moral conduct. Morality is essential if we are able to clean away the ills and afflict of our society and our family : These are lying, cheating stealing, bribing, oppression of the poor and injustice of every kind. The German and Spanish-speaking worlds have, over the centuries, developed an intrinsic relationship, one which predates the Habsburg dynasty and the Renaissance and baroque periods. The cross-fertilization and challenges have been both fruitful and complex with novel inventions surfacing in one culture often achieving their greatest prosperity in the other: Martin Luther's Protestant Reformation stimulated a response in Spain that was to define the European Counter Reformation; Spanish Baroque writers were seminal in the development of German Romanticism; Carl Christian Friedrich Krause and other nineteenth-century liberals provided the foundation for Spanish reformist efforts on the one hand, while German conservatives like Novalis and Adam Müller inspired conservatvies on the other; the music of Richard Wagner transformed Spanish music and the Spanish stage at the turn of the twentieth century; Pablo Picasso and other artists of the Spanish avant-garde sparkled the enthusiasm of the Germans before the Nazi era. Today, German and Spanish intellectuals and writers share a similar commitment to the creation of a European culture in the face of resistance from other members of the European Union. Viewed from a variety of disciplines this volume explores the relentlessly consistent, albeit often forgotten connections between the two linguistic and cultural groups revealing the myriad of ways in which they have shared and transformed literature, art, culture, politics, and history.

Dietrich von Hildebrand, widely regarded as one of the great Catholic philosophers of the 20th century, is well-known for his numerous books, but, until this present work, not much has been known of his remarkable and inspiring life. Written by his wife, Alice, also a highly respected Catholic thinker, this is a fascinating, moving and, at times, gripping account of a truly great man of the Church who suffered much for the faith. Based on a very long "letter" Dietrich wrote to his wife late in his life, it tells his story from his glorious youth with a unique intellectual and cultural formation, his coversion to Catholisism, his great passion for truth and beauty, his extensive writing on Christian philosophy and theology, and his steadfast, determined opposition to Nazism that made him a marked man who miraculously escaped execution. A powerful biography of a relentless fighter against injustice, a devoted son of the Church, a man who had the "soul of a lion". Illustrated.
