Historical novel on Rajaraja I, Chola King, active 985-1014.

Traces the fall and the final realization of the illustrious King Prathiban Chola's dream of an all powerful Chola empire and the exploits of the Pallava king, Narsimhan Varman.

This book is the first of the trilogy, which covers the reign of Narasimha Pallavan. It is about the struggle of the Pallava Emperor in order to enhance the prestige of the Tamil flag. Historic facts are woven around a remarkable narrative, filled with thrill, suspense and romance. The Tamil Nadu Government has made the writings national property.

In this masterly analysis of the conflicts that haunt an astute politician amidst a crumbling empire, the playwright weaves his narrative from the intricate interplay of historical forces leading to the War of Succession and the ideologies and delusions that either make or mar the historical characters. In a decadent, bourgeois society, the opportunistic upper and military classes make the most of the situation in seeking, retaining and augmenting their own powers. Even the support of the two sisters Jahanara and Roshanara, each to her chosen brother, is seen to be part of the larger scheme of intrigues rampant in the Mughal chambers and courts. The historical matrix of the play provides a base for an exploration of the psyche of the characters, where latent fears and worries come to the fore as the situation becomes grim. Indira Parthasarthy is widely acknowledged as one of those who have revolutionized modern Tamil drama. A creative writer, literary and cultural critic and historian, his best-known plays are Aurangzeb, Pasi, Mazhai, Nandan Kathai and Raamaanujar. He was awarded the Sahitya Akademi Award for the novel Kuruthi-p-punal (1977) which has been translated into all the major Indian languages. T. Sriraman is Professor, Central Institute of English and Foreign Languages, Hyderabad.

This book brings together contributions by leading researchers in computational complexity theory written in honor of Somenath Biswas on the occasion of his sixtieth birthday. They discuss current trends and exciting developments in this flourishing area of research and offer fresh perspectives on various aspects of complexity theory. The topics covered include arithmetic circuit complexity, lower bounds and polynomial identity testing, the isomorphism conjecture, space-bounded computation, graph isomorphism, resolution and proof complexity, entropy and randomness. Several chapters have a tutorial flavor. The aim is to make recent research in these topics accessible to graduate students and senior undergraduates in computer science and mathematics. It can also be useful as a resource for teaching advanced level courses in computational complexity.

Beginning with Timur, Sultan Ghazni who invaded India seventeen times at the head of a large army, plundering the country of its great wealth, to the last Mughal Emperor Bahadur Shah, banished from the country by the British - details and descriptions of every incident and each king astonish and exhilarate us. The approach is direct, simple and unambiguous. From Timur to Bahadur Shah it is one engaging account. The book should find a place in every household, as an authentic account of ourselves. A flawless portrait. -THE HINDU Madhan while explaining historical events uses modern similes... In spite of being a cartoonist in his previous avatar Madhan did not caricature the Moghul Emperors and their subjects. I am so pleased he did not sit on judgement as a south Indian non-Muslim writer. -KAMAL HAASAN

Hidden away in a small town in the kingdom of Norbane, Morgan's existence is kept secret from those who would do anything to find her. Even she doesn't know who she is. When a royal air mage named Roden comes into her town looking for her, she is suddenly thrust into a destiny she did not choose. He tells her she is a windkeeper, a mage whose powers are intimately linked to magical creatures called marlens. The marlens have been hiding for so long that most people think they don't exist. However, they are the only creatures with sufficient power to end the war that threatens Norbane and its mages. With time running short, Morgan must learn how to master her powers and call the marlens to fight. She and Roden face many obstacles together: battling enemy mages, a dragon with a human farm, dealing with opposition from the marlens, and trying to fight off the unlikely attraction they begin feel for one another. They have a job to do, and if Morgan fails, countless lives will be lost and damage will be done that even magic can't fix.

For over twenty-five years, leadership legend and personal-mastery path-blazer Robin Sharma has mentored billionaires, business titans, professional-sports superstars and entertainment royalty via a revolutionary methodology that led them to accomplish rare-air results. Now, in this groundbreaking book, Sharma makes his transformational system available to anyone who is ready for undefeatable positivity, monumental productivity, deep spiritual freedom and a life of helping others. In The Everyday Hero Manifesto you will discover: · The hidden habits used by many of the world's most creative and successful people to realize their visionary ambitions · Original techniques to turn fear into fuel, problems into power and past troubles into triumphs · A breakthrough blueprint to battle-proof yourself against distraction and procrastination so that you produce magic that dominates your domain · Pioneering insights on adopting world-class routines that will lead you to achieve superhuman fitness and become the most disciplined person you know · Unusual wisdom to operate with far more simplicity, beauty and peace Part memoir of a life richly lived, part instruction manual for virtuoso-grade performance, and part handbook for spiritual freedom in an age of high-velocity change, The Everyday Hero Manifesto will completely transform your life. Forever. ROBIN SHARMA is a humanitarian who has devoted his life to helping people express their highest natural gifts. He is widely regarded as one of the top leadership and personal-mastery experts in the world. His clients include NASA, Microsoft, NIKE, Unilever, GE, FedEx, HP, Starbucks, Oracle, Yale University, PwC, IBM Watson and the Young Presidents' Organization. His #1 international bestsellers, such as The 5 AM Club, The Monk Who Sold His Ferrari, The Greatness Guide and Who Will Cry When You Die?, have sold millions of copies in over ninety-two languages, making him one of the most widely read authors on the planet.
