Oil Content Detector (OCD-CM)

Obsessive-compulsive disorder (OCD) is characterized by intrusive thoughts, images, urges, or impulses that are interpreted as threatening (obsessions). These lead to active and counterproductive attempts to reduce the thoughts and/or discharge the perceived responsibility associated with them (compulsions). Cognitive and behavioral approaches including exposure, response prevention, and behavioral experiments are effective treatments for OCD.

The book describes how to manage and successfully deliver large, complex, and expensive systems that can be composed of millions of line of software code, being developed by numerous groups throughout the globe, that interface with many hardware items being developed by geographically dispersed companies, where the system also includes people, policies, constraints, regulations, and a myriad of other factors. It focuses on how to seamlessly integrate systems, satisfy the customer's requirements, and deliver within the budget and on time. The guide is essentially a "shopping list" of all the activities that could be conducted with tailoring guidelines to meet the needs of each project.

The latest knowledge for all those dealing with arthroscopic diagnosis and treatment. A standardised structure of the individual chapters facilitates the retrieval of information: diagnosis, therapeutic management including decision-making for conservative and operative treatment, arthroscopic results and surgical techniques. The latter are described in a practical step-by-step manner. 2,000 brilliant figures illustrate each operative step. This comprehensive manual includes rare conditions and provides detailed information on tricks and pitfalls.

In this new edition, chapters from the previous editions have been thoroughly revised and updated and new material has been added on Myofascial Release, Somatics, Friction massage, and much more.

Each volume separately titled: v. 1, Acronyms, initialisms & abbreviations dictionary; v. 2, New acronyms, initialisms & abbreviations (formerly issued independently as New acronyms and initialisms); v. 3, Reverse acronyms, initialisms & abbreviations dictionary (formerly issued independently as Reverse acronyms and initialisms dictionary).

A guide for constructing and using composite indicators for policy makers, academics, the media and other interested parties. In particular, this handbook is concerned with indicators which compare and rank country performance.
