Office 365 is packed with tools to help you do all kinds of great things! For instance, you can convert Word files to PowerPoint presentations. As long as you applied heading styles (Heading 1, Heading 2, and so on) to the headings in a Word 365 document, you can turn a Word document into a PowerPoint 365 presentation.

I bought Office 365 because
I use Word and Excel on my
home computer for personal
items. As with other
Microsoft 'for dummies'
books the information is
accurate and good but as
before I find the authors
expect a little too much of
their readers. However with
patience I nearly always
find answers to my queries
within the book.
