Directed by Semyon Pinkhasov. Gregory Perkel is a Russian-born American artist. Before immigrating to the United States with his family in 1977, he lived in the USSR for 37 years. This film is the story of an artist with experiences from living in two countries - two very different worlds. Gregory Perkel's reflections on life, art and society in general, along with insights from others about ...

Another beautiful and functional product in the new Apple Watch series 3. As an avid Apple fan I just had to give this a try when I heard about some of the new features and hardware/software improvements from the days of the first generation Watch. Today, I just want to show you what you get when you open up the box and unwrap it for the first ...

Harsha Bhogle in his weekly column in the Indian Express has captured the entire gamut of Indian cricket. Out of the Box brings together the very best of Harsha's writings, in a book that will be a veritable delight for any cricket fan. Knowledgeable, frank and witty, and with a sense of drama comparable to that of cricket itself, Harsha brings the nation's cricketing ethos inimitably to life. And he is at his best when paying tribute to some cricketing greats'Lara, Inzamam, Jayasuriya, Ganguly, Sehwag, and the incomparable Tendulkar. As he follows India's fortunes on the cricket field at home and overseas, Harsha asks the question: can India really be no.1 in all three forms of the game? The answer lies in our history, and in the pages of Out of the Box

This brilliant collection of stories richly evokes the Dehradun of old, but all is not as it seems in this sleepy town: behind the tranquil facade, Dehra is home to a cast of colourful characters. The dashing young army captain in 'At Green's Hotel' might be the perfect gentleman-or a murderer. And in 'The Skeleton in the Cupboard', an old scandal is revived, leading to wholly unexpected results. By turns charming and poignant, witty and exhilarating, Secrets is vintage Bond.

This phenomenal bestseller -- over 700,000 copies sold -- changes readers' lives and helps them transform their organizations. In this new edition, the text has been updated and revised throughout to make it even more readable and powerful, and a new section has been added that details the many different ways that people are using this book.

Pandora Nelle Whaley was born just after midnight on January 1 of the 20th century. As a young girl she promised herself to live through all hunnert years of it. This Pandora didn't open the box, but she watched while women flew out of it over the course of the century. Her life parallels many women's lives as they break from restrictions, demand equal rights, and honor their freedom. Her story is the fictional part of this fiction/nonfiction book. Following each decade of the story are lists of the achievements of real women during that decade. Women today stand on the shoulders of these foremothers. Be surprised!

Originally published in 1917, The Black Box follows expert criminologist Sanford Quest, as he and his colleagues attempt to bring a suspected killer to justice. The book contains a series of loosely connected stories driven by the captivating hero. Sanford Quest puts his detective skills to the test to solve an intricate murder mystery. He uses science, gadgets, and his superior deduction skills to narrow the list of suspects. This takes him on a globetrotting adventure that spans the United States, Europe and Africa. The Black Box is a multilayered story with twists at every turn. Quest is an eccentric lead who takes readers on an unforgettable ride. The Black Box introduces an extraordinary hero who plays by his own rules. Sanford Quest is an intriguing character whose reputation precedes him. E. Phillips Oppenheim creates an engaging protagonist similar to Sir Arthur Conan Doyle's Sherlock Holmes. With an eye-catching new cover, and professionally typeset manuscript, this edition of The Black Box is both modern and readable.

Practice your decision making skills by working on these mazes. Sure, you can decide for yourself but sometimes you get used to your daily tasks that you miss out any other details not covered by your day-to-day. Mazes challenge your routine and they make you a better problem solver. Believe in the benefits of mazes. Grab a copy today!

Jazmine yearns for an assignment in the human realm. To that end, she attends Fairies-in-Training School in Flitter Town. After three classes, she has yet to be selected for assignment. Sadly, she knows she will soon be returned to her clan, the Fragrant Flowers, to resume her duties as a jasmyster. It's not that she doesn't love her job of keeping her namesakes fragrant, but a human assignment has always been her dream. Unexpectedly, Boss-at-the-Top selects her for a very important task. Ryan Lucas is grieving the loss of his wife and unable to connect emotionally with his eight year old son. Both their hearts have holes the size of the universe in them. During a short drive from his home in Bend, Oregon to his office in Sunriver, he almost crashes into a woman following deer across the highway. He can't believe anyone would be so reckless. He screeches to the side of the road and jumps out of his car to lecture her. Her beautiful uptilted eyes keep distracting him. They're not quite blue and not quite lavender. Young Jake Lucas just wants his dad to spend time with him. He desperately misses his mother because she's dead. And although his father is very much alive, he spends more time at his office than with Jake. Since his father ignores him, Jake turns his attention toward his new neighbor. After he sees her spying on him, he decides to spy on her. Snagging his dad's binoculars and hiding in his tree house, he watches her through her dining room window. Maybe she's with the FBI or CIA? Actually, she's pretty boring until he witnesses something impossible. Then he wonders if she's a witch, which makes him wonder if she's a good witch or a bad one.
