Gathering at their Berkshires summer home to mourn the loss of youngest sibling and journalist adventurer Leo, who was killed while on assignment in Iraq, the Frankels endure shared grief and private challenges that shape their views about family.

In J. L. Carr's deeply charged poetic novel, Tom Birkin, a veteran of the Great War and a broken marriage, arrives in the remote Yorkshire village of Oxygoby where he is to restore a recently discovered medieval mural in the local church. Living in the bell tower, surrounded by the resplendent countryside of high summer, and laboring each day to uncover an anonymous painter's depiction of the apocalypse, Birkin finds that he himself has been restored to a new, and hopeful, attachment to life. But summer ends, and with the work done, Birkin must leave. Now, long after, as he reflects on the passage of time and the power of art, he finds in his memories some consolation for all that has been lost.

Draws on real-life stories and figures, including Martin Luther King, Jr. and Steve Jobs, to examine the qualities a good leader requires in order to inspire and motivate people.

When Ohio-born Pru Steiner arrives in New York in 1976, she follows in a long tradition of young people determined to take the city by storm. But when she falls in love with and marries Spence Robin, her hotshot young Shakespeare professor, her life takes a turn she couldn't have anticipated. Thirty years later, something is wrong with Spence. The Great Man can't concentrate; he falls asleep reading The New York Review of Books. With their daughter, Sarah, away at medical school, Pru must struggle on her own to care for him. One day, feeling especially isolated, Pru meets a man, and the possibility of new romance blooms. Meanwhile, Spence's estranged son from his first marriage has come back into their lives. Arlo, a wealthy entrepreneur who invests in biotech, may be his father's last, best hope. Morningside Heights is a sweeping and compassionate novel about a marriage surviving hardship. It's about the love between women and men, and children and parents; about the things we give up in the face of adversity; and about how to survive when life turns out differently from what we thought we signed up for.

The riveting, little-known story of Mary Mildred Williams—a slave girl who looked “white”—whose photograph transformed the abolitionist movement. When a decades-long court battle resulted in her family's freedom in 1855, seven-year-old Mary Mildred Williams unexpectedly became the face of American slavery. Famous abolitionists Thomas Wentworth Higginson, Henry David Thoreau, and John Albion Andrew would help Mary and her family in freedom, but Senator Charles Sumner saw a monumental political opportunity. Due to generations of sexual violence, Mary's skin was so light that she “passed” as white, and this fact would make her the key to his white audience's sympathy. During his sold-out abolitionist lecture series, Sumner paraded Mary in front of rapt audiences as evidence that slavery was not bounded by race. Weaving together long-overlooked primary sources and arresting images, including the daguerreotype that turned Mary into the poster child of a movement, Jessie Morgan-Owens investigates tangled generations of sexual enslavement and the fraught politics that led Mary to Sumner. She follows Mary's story through the lives of her determined mother and grandmother to her own adulthood, parallel to the story of the antislavery movement and the eventual signing of the Emancipation Proclamation. Girl in Black and White restores Mary to her rightful place in history and uncovers a dramatic narrative of travels along the Underground Railroad, relationships tested by oppression, and the struggles of life after emancipation. The result is an exposé of the thorny racial politics of the abolitionist movement and the pervasive colorism that dictated where white sympathy lay—one that sheds light on a shameful legacy that still affects us profoundly today.

The classic study of human nature which depicts the degeneration of a group of schoolboys marooned on a desert island.

Coming of age in pre-World War II California and Colorado brings tragedy to Molly and Ralph Fawcett in Jean Stafford's classic semi-autobiographical novel, The Mountain Lion, first published in 1947. Torn between their mother's world of genteel respectability and their grandfather's and uncle's world of cowboy masculinity, neither Molly nor Ralph can find an acceptable adult role to aspire to. As events move to their swift and inevitable conclusion, Stafford uncovers and indicts the social forces that require boys to sacrifice the feminine in order to become men and doom intelligent girls who aren't pretty.

#1 New York Times Best Seller! "Eleanor & Park reminded me not just what it's like to be young and in love with a girl, but also what it's like to be young and in love with a book."-John Green, The New York Times Book Review Bono met his wife in high school, Park says. So did Jerry Lee Lewis, Eleanor answers. I'm not kidding, he says. You should be, she says, we're 16. What about Romeo and Juliet? Shallow, confused, then dead. I love you, Park says. Wherefore art thou, Eleanor answers. I'm not kidding, he says. You should be. Set over the course of one school year in 1986, this is the story of two star-crossed misfits-smart enough to know that first love almost never lasts, but brave and desperate enough to try. When Eleanor meets Park, you'll remember your own first love-and just how hard it pulled you under. A New York Times Best Seller! A 2014 Michael L. Printz Honor Book for Excellence in Young Adult Literature Eleanor & Park is the winner of the 2013 Boston Globe Horn Book Award for Best Fiction Book. A Publishers Weekly Best Children's Book of 2013 A New York Times Book Review Notable Children's Book of 2013 A Kirkus Reviews Best Teen Book of 2013 An NPR Best Book of 2013

In this delightfully witty, provocative book, literature professor and psychoanalyst Pierre Bayard argues that not having read a book need not be an impediment to having an interesting conversation about it. (In fact, he says, in certain situations reading the book is the worst thing you could do.) Using examples from such writers as Graham Greene, Oscar Wilde, Montaigne, and Umberto Eco, he describes the varieties of "non-reading"-from books that you've never heard of to books that you've read and forgotten-and offers advice on how to turn a sticky social situation into an occasion for creative brilliance. Practical, funny, and thought-provoking, How to Talk About Books You Haven't Read-which became a favorite of readers everywhere in the hardcover edition-is in the end a love letter to books, offering a whole new perspective on how we read and absorb them.
