The classic Gothic suspense novel by Daphne du Maurier -- winner of the Anthony Award for Best Novel of the Century -- is now a Netflix film starring Lily James and Armie Hammer. Last night I dreamt I went to Manderley again . . . The novel begins in Monte Carlo, where our heroine is swept off her feet by the dashing widower Maxim de Winter and his sudden proposal of marriage. Orphaned and working as a lady's maid, she can barely believe her luck. It is only when they arrive at his massive country estate that she realizes how large a shadow his late wife will cast over their lives--presenting her with a lingering evil that threatens to destroy their marriage from beyond the grave. "Daphne du Maurier created a scale by which modern women can measure their feelings." --Stephen King

A most thrilling and captivating tale for readers of all ages Menarm was a great and prosperous kingdom, known throughout the lands for its friendly, hard-working people and fair trade. But a bitter struggle of succession between twin brothers left the kingdom devastated, the people divided. Some stayed with Fenil, who had conquered the crown, others followed Renil to the wild lands of the north, founding a new kingdom. Now Adren, the last princess of the vanquished realm of Menarm, finds herself alone in a world where women live in the shadows of men. Not only must she battle her enemies,

but also a truth that could obliterate her last hope for happiness and bring dishonor to all those whom she hold dear. On her quest, she finds unlikely allies in a powerful prince and a defiant mercenary, only to be devastated by an ancient and wily elf. Will Adren be able to survive this final assault? The Elf and the Princess is a brilliant tale of high adventure, true love, and medieval-style warfare between elves, men, and orcs. Drawing inspiration from the myths and legends of Europe and from such writers as J.K. Rowling and J.R.R. Tolkien, Anna del C. Dye spins a completely original tale that will leave the reader wanting more.

A beautifully illustrated, wittily observed picture book about kindness, empathy and friendship from the award-winning Rebecca Cobb. Hello Friend! tells the story of one big-hearted and enthusiastic little girl who is insistent on making friends with a certain little boy. And why wouldn't he want to be friends with her? She's very good at sharing – even if it's a sandwich that he doesn't like. And she's certain that playing outside is their favourite thing to do, even if he is not so sure. But while he doesn't seem keen on many of the things that she loves to do, there is one thing he's very keen on after all . . . being friends. Also available from Rebecca Cobb: Lunchtime, Aunt Amelia and The Something.

Rebecca James unveils a chilling modern gothic novel of a family consumed by the shadows and secrets of its past in *The Woman in the Mirror*. For more than two centuries, Winterbourne Hall has stood atop a bluff overseeing the English countryside of Cornwall and the sea beyond. Enshrouded by fog and

enveloped by howling winds, the imposing edifice casts a darkness over the town. In 1947, Londoner Alice Miller accepts a post as governess at Winterbourne, looking after twin children Constance and Edmund for their widower father, Captain Jonathan de Grey. Falling under the de Greys' spell, Alice believes the family will heal her own past sorrows. But then the twins' adoration becomes deceitful and taunting. Their father, ever distant, turns spiteful and cruel. The manor itself seems to lash out. Alice finds her surroundings subtly altered, her air slightly chilled. Something malicious resents her presence, something clouding her senses and threatening her very sanity. In present day New York, art gallery curator Rachel Wright has learned she is a descendant of the de Greys and heir to Winterbourne. Adopted as an infant, she never knew her birth parents or her lineage. At long last, Rachel will find answers to questions about her identity that have haunted her entire life. But what she finds in Cornwall is a devastating tragic legacy that has afflicted generations of de Greys. A legacy borne from greed and deceit, twisted by madness, and suffused with unrequited love and unequivocal rage. There is only one true mistress of Winterbourne. She will not tolerate any woman who dares to cross its threshold and call it home. Those who do will only find a reflection of their own wicked sins and an inherited vengeance.

1666 was a watershed year for England. The outbreak of the Great Plague, the eruption of the second Dutch War and the Great Fire of London all struck the country in rapid succession and with devastating repercussions. Shedding light on these dramatic events, historian Rebecca Rideal reveals an unprecedented period of terror and triumph. Based on original archival research and drawing on little-known sources, *1666: Plague, War and Hellfire* takes readers on a thrilling journey through a crucial turning point in English history, as seen through the eyes of an extraordinary cast of historical characters. While the central events of this significant year were ones of devastation and defeat, 1666

also offers a glimpse of the incredible scientific and artistic progress being made at that time, from Isaac Newton's discovery of gravity to Robert Hooke's microscopic wonders. It was in this year that John Milton completed *Paradise Lost*, Frances Stewart posed for the now-iconic image of Britannia, and a young architect named Christopher Wren proposed a plan for a new London - a stone phoenix to rise from the charred ashes of the old city. With flair and style, 1666 shows a city and a country on the cusp of modernity, and a series of events that forever altered the course of history.
