The doctoral concentration in Reflective Practice/Supervision is designed to teach students the theory of reflective practice/supervision and how to apply it to their professional work experiences in clinical, educational, administrative, or organizational systems. Students in this doctoral concentration study the multiple components of reflective practice/supervision, including developing a safe environment, establishing mutual respect, and the sharing of ideas.

**Reflective Practice/Supervision - Fielding Graduate**

The reflective case discussion model of group supervision The reflective case discussion model is a form of group supervision taught on the PSDP. It provides a structured way of reflecting on practice with children and families. This method of group supervision draws on the collective resources of a team to provide support and reflection.

**Having reflective discussions in supervision - Practice**

Reflective supervision may be carried out individually or within a group. The reflective supervisor also needs to provide administrative and educational supervision. Some reflective supervisors schedule a meeting time separate from the supervision time that addresses administrative and educational objectives.

**Best Practice Guidelines for Reflective Supervision**

In effect, reflective practice is a form of experiential learning which enables the professional as the student or learner to move from their own concrete experiences to abstract conceptualisation of an idea, on which further action, leading to further experience, then occurs (Kolb, 1994, cited in Sharpy, 2005).

**Reflective Practice - Home**

A key principle of reflective practice involves self-awareness—an ongoing questioning of how professionals can better relate to the clients they serve. A reflective supervisor (within an organization) or reflective consultant (from outside the organization) supports employees by regularly meeting with them, individually and/or in groups.

**About the Reflective Practice Center at CEED - CEED**

I use reflective practice as a tool to make my own supervision more effective. Indeed Hay makes the point "Prior analysis of your own practice saves supervision time and enables supervisors to operate at a higher level when they support and challenge you." Reflective practice needs planning on your part in order to be effective and efficient.
