Troubleshooting a Trane Roof Top Unit Roof Curb Trane

If the roof curb will be mounted on a new building, it can be assembled at any convenient location and installed as soon as the roof support members are in place. As a general rule, the curb should be placed directly on the roof

Access Free Roof Curb

Support members.

Use tack welding or other suitable fastening method to secure the roof curb in place.

~~Roof Curb - trane.com~~

Trane recommends that the roof curb be placed directly on the roof support members and welded into place. If the curb is

Access Free Roof Curb

~~Trans~~ mounted on the roof deck, additional support is necessary directly below the curb flanges to minimize vibration.

□ Do not overlap counter flashing over the top of the roof curb.
