From renowned foreign policy expert Angela Stent comes a dissection of how Putin created a paranoid and polarized world -- and increased Russia's status on the global stage. How did Russia manage to emerge resurgent on the world stage and play a weak hand so effectively? Is it because Putin is a brilliant strategist? Or has Russia stepped into a vacuum created by the West's distraction with its own domestic problems and US ambivalence about whether it still wants to act as a superpower? Putin's World examines the country's turbulent past, how it has influenced Putin, the Russians' understanding of their position on the global stage and their future ambitions -- and their conviction that the West has tried to deny them a seat at the table of great powers since the USSR collapsed. This book looks at Russia's key relationships -- its downward spiral with the United States, Europe, and NATO; its ties to China, Japan, the Middle East; and with its neighbors, particularly the fraught relationship with Ukraine. Putin's World will help Americans understand how and why the post-Cold War era has given way to a new, more dangerous world, one in which Russia poses a challenge to the United States in every corner of the globe -- and one in which Russia has become a toxic and divisive subject in US politics.

From the New York Times bestselling author of Rules of Civility, a novel about a man who is ordered to spend the rest of his life inside a luxury hotel--a beautifully transporting novel. The mega-bestseller with more than 2 million readers, soon to be a major television series "Perhaps the ultimate quarantine read . . . A Gentleman in Moscow is about the importance of community; the distance of a kind act; and resilience. It's a manual for getting through the days to come." --O, The Oprah Magazine In 1922, Count Alexander Rostov is deemed an unrepentant aristocrat by a Bolshevik tribunal, and is sentenced to house arrest in the Metropol, a grand hotel across the street from the Kremlin. Rostov, an indomitable man of erudition and wit, has never worked a day in his life, and must now live in an attic room while some of the most tumultuous decades in Russian history are unfolding outside the hotel's doors. Unexpectedly, his reduced circumstances provide him entry into a much larger world of emotional discovery. Brimming with humor, a glittering cast of characters, and one beautifully rendered scene after another, this singular novel casts a spell as it relates the count's endeavor to gain a deeper understanding of what it means to be a man of purpose.

A Sunday Times bestseller | A New York Times Book Review Editors' Choice Named a best book of the year by The Economist | Financial Times | New Statesman | The Telegraph "[Putin's People] will surely now become the definitive account of the rise of Putin and Putinism." —Anne Applebaum, The Atlantic "This riveting, immaculately researched book is arguably the best single volume written about Putin, the people around him and perhaps even about contemporary Russia itself in the past three decades." —Peter Frankopan, Financial Times Interference in American elections. The sponsorship of extremist politics in Europe. War in Ukraine. In recent years, Vladimir Putin ' s Russia has waged a concerted campaign to expand its influence and undermine Western institutions. But how and why did all this come about, and who has orchestrated it? In Putin ' s People, the investigative journalist and former Moscow correspondent Catherine Belton reveals the untold story of how Vladimir Putin and the small group of KGB men surrounding him rose to power and looted their country. Delving deep into the workings of Putin ' s Kremlin, Belton accesses key inside players to reveal how Putin replaced the freewheeling tycoons of the Yeltsin era with a new generation of loyal oligarchs, who in turn subverted Russia ' s economy and legal system and extended the Kremlin's reach into the United States and Europe. The result is a chilling and revelatory expos é of the KGB ' s revanche—a story that begins in the murk of the Soviet collapse, when networks of operatives were able to siphon billions of dollars out of state enterprises and move their spoils into the West. Putin and his allies subsequently completed the agenda, reasserting Russian power while taking control of the economy for themselves, suppressing independent voices, and launching covert influence operations abroad. Ranging from Moscow and London to Switzerland and Brooklyn ' s Brighton Beach—and assembling a colorful cast of characters to match—Putin ' s People is the definitive account of how hopes for the new Russia went astray, with stark consequences for its inhabitants and, increasingly, the world.

I first read Mikhail Bulgakov's The Master and Margarita on a balcony of the Hotel Metropole in Saigon on three summer evenings in 1971. The tropical air was heavy and full of the smells of cordite and motorcycle exhaust and rotting fish and wood-fire stoves, and the horizon flared ambiguously, perhaps from heat lightning, perhaps from bombs. Later each night, as was my custom, I would wander out into the steamy back alleys of the city, where no one ever seemed to sleep, and crouch in doorways with the people and listen to the stories of their culture and their ancestors and their ongoing lives. Bulgakov taught me to hear something in those stories that I had not yet clearly heard. One could call it, in terms that would soon thereafter gain wide currency, "magical realism". The deadpan mix of the fantastic and the realistic was at the heart of the Vietnamese mythos. It is at the heart of the present zeitgeist. And it was not invented by Gabriel Garcia Marquez, as wonderful as his One Hundred Years of Solitude is. Garcia Marquez's landmark work of magical realism was predated by nearly three decades by Bulgakov's brilliant masterpiece of a novel. That summer in Saigon a vodka-swilling, talking black cat, a coven of beautiful naked witches, Pontius Pilate, and a whole cast of benighted writers of Stalinist Moscow and Satan himself all took up permanent

residence in my creative unconscious. Their presence, perhaps more than anything else from the realm of literature, has helped shape the work I am most proud of. I'm often asked for a list of favorite authors. Here is my advice. Read Bulgakov. Look around you at the new century. He will show you things you need to see.

Sputnik Part 2 is the second volume of an introductory Russian course designed to develop basic reading, writing, listening and communication skills. The author provides a step-by-step introduction to Russian with clear and simple explanations of grammar and sentence structure. Audio materials recorded by professional Russian narrators and actors help learners to acquire proper pronunciation. Interactive online activities and a friendly interface for learners and instructors with automatic grading of exercises and tests are designed to support effective learning and teaching. Dr. Rochchina teaches Russian at the University of Victoria, Canada. She is also known for her online tutorial RussianForEveryone.com, which is visited by 300,000 people each year from all over the world.
