An Introduction to the Bible - Read the Bible in a Year

The Bible is an ancient collection of sacred literature made up of many different literary styles. Each biblical book uses, to a varying degree, a combination of all the literary styles to make its unique contribution to the story of the Bible. First, let's take a look at the narrative style of storytelling.

Praying the Bible: An Introduction to Lectio Divina ...

An Introduction to the Bible Put simply, the Bible is the greatest book ever written. Its impact on history and culture is unparalleled. To this day, it sells millions of copies each year.

The Bible: An Introduction offers refreshingly clear answers to the most basic questions that first-time students and curious inquirers bring to the Bible. Without presuming either prior knowledge of the Bible or a particular attitude toward it, Jerry L. Sumney uses straightforward language to lead the reader on an exploration of the Bibles contents and the history of its writings, showing along the way how critical methods can help readers understand what they find in the Bible.

A leading textbook in studying the Bible, this Course Pack is designed to help students in their research of and knowledge of the Bible. Each new copy is packaged with the paperback, A Study Companion to the Bible, checked and updated to work flawlessly with the revised second edition of this important text. The Study Companion is a handy complement to the textbook, providing primary readings and a running glossary of terms keyed to the textbook along with exercises for further reflection.

What is the Bible? How did it get to us? Why are translations so different? And what influence has the Bible had on culture? From its very first pages, The Bible: An Introduction, Second Edition offers clear answers to the most basic questions that first-time students and curious inquirers bring to the Bible. Without presuming either prior knowledge of the Bible or a particular attitude toward it, Jerry L. Sumney uses straightforward language to lead the reader on an exploration of the Bible ' s contents and the history of its writings, showing how critical methods help readers understand what they find in the Bible. This second edition offers revised chapters and auxiliary material and new discussions of biblical studies methods and the question of inspiration. Neither polemical nor apologetic, The Bible presents the biblical writings as the efforts of men and women in the past to understand their lives and their world in light of the ways they understood the divine.

The most comprehensive and accessible introduction to scriptural art yet written Literary Study of the Bible: An Introduction approaches each book of the Bible (including several of the apocrypha) with non-sectarian literary questions, exploring the meanings that the Bible reveals when we read it like a poem, narrative, or play. As a unique hybrid of introductory guide, essential handbook, historical survey, and absorbing commentary, this book fills a

gap in literary Bible study with its fresh perspectives on the biblical writers' many arts. Readers will engage in wide range of textual approaches and interpretive traditions through this broadly informed, accessibly written text. Dr. Christopher Hodgkins has taught Literary Study of the Bible for 25 years, over which time he has field-tested the many lenses—of genre, image, language, characterization, plot, and craft—used throughout this book. Tracing the sources, composition, and influences of the Biblical text, this book places the Bible in a tradition of ancient near eastern, Hebrew, and Hellenistic literary art, giving new depth to the way we understand the familiar stories of scripture. Unlike other literary introductions to the Bible, this book uniquely combines these elements: Approaches the Bible as a richly collaborative and coherent work of literary art, exploring how earlier books influence the creation and interpretation of later ones Provides illuminating commentary supplemented by explanatory textboxes, maps, illustrations, and study questions to enhance interest and expand learning Introduces poetic and narrative devices like doubling, juxtaposition, and irony within the context of scriptural art and editorial design Gives extensive attention to each biblical book, resulting in the most comprehensive introduction to literary Bible study to date Presents these materials through an accessible and lively text permeated with references to both high and popular culture Literary Study of the Bible will be a welcome addition to personal, school, college, and congregational libraries, as well as an excellent text for students of the Bible in both secular and faith-based settings.

This book is a popular introduction to each of the 73 books of the Bible designed to help the reader grow in the knowledge and love of God's Word. The introduction to each book includes the time frame and author, the theme, a summary of the contents and some comments about the context in which it was written, the theology of the book, an outline, and a prayer taken from the book. Fr. Baker provides quick access to essential information the daily or occasional reader of sacred scripture should find helpful. The book may also be of help to more advanced students who wish to refresh their memory of a particular book of the Bible. By carefully reading Inside the Bible one can have a thumbnail summary of each book of the Bible at his fingertips. "Many Catholics revere the Bible without reading it. They find themselves paralyzed, not knowing where to start reading. Fr. Kenneth Baker comes to the rescue. In brief synopses of the 73 books he guides new readers through the threshold and shows them how they can move forward on their own.

Scholarly discussions of biblical interpretation often ignore the fact that language and literature form an integral part of a people's culture, that interpretation therefore implies the total cultural system of the relevant literature, and that biblical interpretation consequently implies inter-cultural communication. This book explores the theoretical and practical implications of this observation from a cultural anthropological perspective, looks at recent anthropological studies of ancient Israelite society, supplies practical examples of a cultural interpretation of ancient Hebrew narratives, and discusses the impact of the notions 'cultural relativity' and 'inter-cultural communication' for biblical interpretation.

A thoughtful, warm, and witty introduction Understanding the Bible is designed to help empower skeptics, seekers, nonbelievers, and those of a liberal and progressive outlook to reclaim the Bible from literalists. In making accessible some of the best contemporary historical, literary, political, and feminist readings of the Hebrew and Christian scriptures, it encourages all who would find in the biblical heritage an ally and not an enemy in the quest for a more just and humane world. Brief and to the point, it can easily be used to stimulate group discussions and personal reading of the biblical texts themselves, and is an excellent introduction to the Judeo-Christian tradition for those of other faiths. Understanding the Bible includes four preliminary chapters on the why, who, which, and how of biblical understanding, followed by eight brief thematic chapters covering the core of the Hebrew Bible and six covering the Christian scriptures, plus chronologies, maps, and helpful suggestions for further reading.

A casual reader enters a bookshop looking for a Bible. However, not all the Bibles on display have the same contents! Some have more books than others, some are study editions, some use gender-free language. How did this come about? This Introduction works back through the processes by which the Bible was written, transmitted, copied and declared to be authoritative by various churches. The following topics are dealt with: What is the Bible?; How Biblical Writers Wrote; The Making of the Old Testament; The Making of the Apocrypha; The Making of the New Testament; The Canon of the Bible; The Study of the Bible; The Use of the Bible in Social, Moral and Political Questions. This updated edition takes account of developments in scholarship since the book was first published in 1999 by Penguin. The original edition has been translated into Spanish and Portuguese.

Anybody who wants to study the Bible, either at a personal level or a more scholarly level needs to understand that there are certain principles that guide and govern the process. The technical word used to refer to the principles of biblical interpretation is hermeneutics, which is of immense importance in Biblical Studies and Theology. How to Interpret the Bible takes into consideration the cultural context, historical background and geographical location in which the text was originally set. This enables us to obtain clarity about the original author's intended meaning. Linguistic and literary factors are analyzed so that the various genres of Scripture are examined for their true meaning. The importance of having sound principles of interpretation cannot be overstated as to ignore them will result in all manner of erroneous assumptions. Beville presents the Historical-Grammatical approach as a sound and objective method of interpretation. This, in turn, provides a foundation not only for understanding but also for teaching Scripture. The approach outlined by the author helps avoid contradiction, inconsistency, arbitrariness, and subjectivity. This work is intended for those who wish to develop a deeper understanding of the Bible. It will be particularly useful for those who want to prepare teaching material grounded in safe hermeneutics. "In, How to Interpret the Bible, Kieran Beville explores how an understanding of hermeneutics enables a deeper engagement with the Scriptures. This well-written and thoughtful introduction will be a great asset to anyone wishing to see with greater clarity the revelation of God's heart and mind within the Bible. I warmly commend it." (Dr. Roger Standing, Principal, Spurgeon's College, London).

A survey of the Bible as a whole, with a summary of each book's context, outline, and content.
