Already a national bestseller in the author's native France, The Braid marks director and screenwriter Laetitia Colombani's North American debut. Tender yet provocative, it's a captivating and compassionate exploration of the lives and situations of three very different women separated by social class, work, culture and geography.

Braid (film) - Wikipedia

A braid (also referred to as a plait) is a complex structure or pattern formed by interlacing two or more strands of flexible material such as textile yarns, wire, or hair. The materials used have depended on the indigenous plants and animals available in the local area. Braids have been made for thousands of years, in many different cultures around the world, for a variety of uses.
