With its rich photography, this evocative book pays tribute to the soulfulness of cattle and the special bond between man and cow, much threatened in our age of industrial-scale farming. Around the world, Lampert and his team of select photographers have tracked down the most beautiful, rare cattle, capturing them in their natural and often spectacular surroundings with empathy and respect.

I became interested in cows, sheep and most of all the author as I read through the book, it is beautifully written and somehow the story has a serenity to it. It's about cows, but also about family and history, a lovely lovely story that will stay with me long beyond the last page, and whenever I see a cow! Highly recommended.

I suppose this is an odd takeaway from a memoir about the incredibly difficult life of cattle farmers in Ireland, particularly given that the author of The Cow Book, John Connell, is perpetually at loggerheads with his father—but it felt like a much-needed emotional break. The concerns of farming are concrete and visible, unlike many of our current anxieties: will the calf die?
