Decline and Fall is a novel by the English author Evelyn Waugh, first published in 1928. It was Waugh's first published novel; an earlier attempt, titled The Temple at Thatch, was destroyed by Waugh while still in manuscript form. Decline and Fall is based, in part, on Waugh's schooldays at Lancing College, undergraduate years at Hertford College, Oxford, and his experience as a teacher at Arnold House in north Wales.

The History of the Decline and Fall of the Roman Empire is a six-volume work by the English historian Edward Gibbon. It traces Western civilization from the height of the Roman Empire to the fall of Byzantium. Volume I was published in 1776 and went through six printings. Volumes II and III were published in 1781; volumes IV, V, and VI in 1788–1789. The six volumes cover the history, from 98 to 1590, of the Roman Empire, the history of early Christianity and then of the Roman State Church ...

The Decline and Fall The first quarto volume of his history, published on February 17, 1776, immediately scored a success that was resounding, if somewhat scandalous because of the last two chapters in which he dealt with great irony with the rise of Christianity. Reactions to Gibbon's treatment of Christianity have displayed various phases.

The Decline and Fall is known for the quality and irony of its prose, its use of primary sources, and its open criticism of organised religion. Gibbon returned to England Edward Gibbon (8 May 1737 – 16 January 1794) was an English historian and Member of Parliament.

Edited, abridged, and with a critical Foreword by Hans-Friedrich Mueller Introduction by Daniel J. Boorstin Illustrations by Giovanni Battista Piranesi Edward Gibbon's masterpiece, which narrates the history of the Roman Empire from the second century A.D. to its collapse in the west in the fifth century and in the east in the fifteenth century, is widely considered the greatest work of history ever written. This abridgment retains the full scope of the original, but in a breadth comparable to a novel. Casual readers now have access to the full sweep of Gibbon's narrative, while instructors and students have a volume that can be read in a single term. This unique edition emphasizes elements ignored in all other abridgments—in particular the role of religion in the empire and the rise of Islam.

Spanning thirteen centuries from the age of Trajan to the taking of Constantinople by the Turks, DECLINE & FALL is one of the greatest narratives in European Literature. David Womersley's masterly selection and bridging commentary enables the readerto acquire a general sense of the progress and argument of the whole work and displays the full variety of Gibbon's achievement.

Recounts the events that led to the fall of the Roman Empire, from the second century A.D. to the fifteenth century A.D.

Gibbon offers an explanation for why the Roman Empire fell, a task made difficult by a lack of comprehensive written sources, though he was not the only historian to tackle the subject. Most of his ideas are directly taken from what few relevant records were available: those of the Roman moralists of the 4th and 5th centuries.

Constitutional thought is currently dominated by heroic tales of the Founding Fathers — who built an Enlightenment machine that can tick-tock its way into the twenty-first century, with a little fine-tuning by the Supreme Court. However, according to Bruce Ackerman, the modern presidency is far more dangerous today than it was when Arthur Schlesinger published the Imperial Presidency in 1973. In this book, he explores how the interaction of changes in the party system, mass communications, the bureaucracy, and the military have made the modern presidency too powerful and a threat to liberal constitutionalism and democracy. Ackerman argues that the principles of constitutional legitimacy have been undermined by both political and legal factors. On the political level, by "government by emergency" and "government by public-opinion poll"; on the legal, by two rising institutions: The Office of Legal Counsel in the Department of Justice and the Office of the Presidential Counsel in the White House. Both institutions came out of the New Deal, but have gained prominence only in the last generation. Lastly, Ackerman kicks off a reform debate that aims to adapt the Founding ideal of checks-and-balances to twenty-first century realities. His aim is not to propose definitive solutions but to provoke a national debate on American democracy in its time of trouble.

Chronicles Britain's rise to imperial might in the wake of the American Revolution, recording life in its diverse colonies and reflecting on the inherent weaknesses of the empire, its inevitable decline, and its legacy for the present.
