powerhouse. They first developed  
and then implemented multiyear  
plans and projects, adopting a  
determined, methodical, and  
disciplined approach. As a result,  
China's political leaders and their  
army of technocrats could soon  
possess the technologies of

# Read Book The Powerhouse America China

tomorrow. America can still catch up. Unfortunately, Americans, focused on other matters, are not meeting the challenges China presents. A whole-of-society mobilization will be necessary for the U.S. to regain what it once had: control of cutting-edge

# Read Book The Powerhouse America China

And The Great Battery War  
technologies. This is how America  
got to the moon, and this is the  
key to winning this century.

Americans may not like the fact  
that they're once again in a Cold  
War-type struggle, but they will  
either adjust to that reality or get  
left behind.

# Read Book The Powerhouse America China And The Great Battery War

As the glittering skyline in Shanghai seemingly attests, China has quickly transformed itself from a place of stark poverty into a modern, urban, technologically savvy economic powerhouse. But as Scott Rozelle

# Read Book The Powerhouse America China

And Natalie Hell show in Invisible  
China, the truth is much more  
complicated and might be a  
serious cause for concern. China's  
growth has relied heavily on  
unskilled labor. Most of the  
workers who have fueled the  
country's rise come from rural

# Read Book The Powerhouse America China

villages and have never been to high school. While this national growth strategy has been effective for three decades, the unskilled wage rate is finally rising, inducing companies inside China to automate at an unprecedented rate and

# Read Book The Powerhouse America China And The Great Battery War

triggering an exodus of companies seeking cheaper labor in other countries. Ten years ago, almost every product for sale in an American Walmart was made in China. Today, that is no longer the case. With the changing demand for labor, China seems to

# Read Book The Powerhouse America China

And The Great Battery War  
have no good back-up plan. For all of its investment in physical infrastructure, for decades China failed to invest enough in its people. Recent progress may come too late. Drawing on extensive surveys on the ground in China, Rozelle and Hell reveal

# Read Book The Powerhouse America China And The Great Battery War

that while China may be the second-largest economy in the world, its labor force has one of the lowest levels of education of any comparable country. Over half of China's population—as well as a vast majority of its children—are from rural areas.

# Read Book The Powerhouse America China And The Great Battery War

Their low levels of basic education may leave many unable to find work in the formal workplace as China's economy changes and manufacturing jobs move elsewhere. In Invisible China, Rozelle and Hell speak not only to an urgent humanitarian

# Read Book The Powerhouse America China And The Great Battery War

concern but also a potential economic crisis that could upend economies and foreign relations around the globe. If too many are left structurally unemployable, the implications both inside and outside of China could be serious. Understanding the situation in

# Read Book The Powerhouse America China

China today is essential if we are to avoid a potential crisis of international proportions. This book is an urgent and timely call to action that should be read by economists, policymakers, the business community, and general readers alike.

# Read Book The Powerhouse America China And The Great Battery War

China's rapid economic growth over the past three decades has endowed it with enormous power. Chinese leaders now want to harness this power to become the world's dominant country, replacing the US as the global

# Read Book The Powerhouse America China

superpower. In *How China Loses*, Luke Patey argues that despite all its strengths, China cannot simply get what it wants. The ambitiousness of China's global economic agenda and pursuit of military expansion are undermining its ability to realize

# Read Book The Powerhouse America China And The Great Battery War

its geopolitical plans; other countries are beginning to resist. Weaving together on-the-ground reportage and analysis from Africa to Latin America, East Asia to Europe, Patey explores how the world is responding to China's rise and what this means for
